From April 2004 onwards, expanded coverage of construction sites and occupation has been adopted for compiling the statistics above. For March 2004 and before, figures only include relevant construction projects under the purview of Architectural Services Department, Civil Engineering Department, Territory Development Department, Drainage Services Department, Highways Department and Water Supplies Department. From April 2004 onwards, figures also include construction projects under the purview of Electrical and Mechanical Services Department, Housing Department, Environmental Protection Department and term maintenance projects. Hence, figures for April 2004 onwards are not strictly comparable with those for March 2004 and before.
