Philip Morais's suggestions on Land Supply - Country Parks should never be an option for development

02/07/2018 20:40

From: [REDACTED] To: tfls@devb.gov.hk

For the HKSAR Government's Task force on Land Supply

I feel very strongly that Hong Kong should not develop its country parks and am hereby submitting my feedback for the Task Force on Land Supply's public engagement as follows:

- The government should absolutely prioritise the development of brownfields. Studies have shown that there is more than sufficient land from brownfields to meet Hong Kong's housing needs;
- Country parks and their peripheries, as well as land reclamation should never be an option for development(whether short-term, mid-term, long-term or conceptual). Other areas of natural resources (such as farmland) should also be approached with extreme caution because these options will cause irreversible harm to Hong Kong's environment and natural resources;
- I earnestly request the SAR government to take a bold step forward and finally resolve Hong Kong's enduring and unjust land-planning problem.

I kindly request the Task Force on Land Supply to convey my views to the government departments responsible, so that Hong Kong can pursue a land development model that is sustainable, has integrity and will benefit everyone.

Sincerely yours,
Philip Morais

From: [REDACTED] To: tfls@devb.gov.hk

For the HKSAR Government's Task force on Land Supply

I feel very strongly that Hong Kong should not develop its country parks and am hereby submitting my feedback for the Task Force on Land Supply's public engagement as follows:

- The government should absolutely prioritise the development of brownfields. Studies have shown that there is more than sufficient land from brownfields to meet Hong Kong's housing needs;
- Country parks and their peripheries, as well as land reclamation should never be an option for development(whether short-term, mid-term, long-term or conceptual). Other areas of natural resources (such as farmland) should also be approached with extreme caution because these options will cause irreversible harm to Hong Kong's environment and natural resources;
- I earnestly request the SAR government to take a bold step forward and finally resolve Hong Kong's enduring and unjust land-planning problem.

I kindly request the Task Force on Land Supply to convey my views to the government departments responsible, so that Hong Kong can pursue a land development model that is sustainable, has integrity and will benefit everyone.

Sincerely yours,
Gertrude Siu

I feel very strongly that Hong Kong should not develop its country parks and am hereby submitting my feedback for the Task Force on Land Supply's public engagement as follows:

- The government should absolutely prioritise the development of brownfields. Studies have shown that there is more than sufficient land from brownfields to meet Hong Kong's housing needs;
- Country parks and their peripheries, as well as land reclamation should never be an option for development(whether short-term, mid-term, long-term or conceptual). Other areas of natural resources (such as farmland) should also be approached with extreme caution because these options will cause irreversible harm to Hong Kong's environment and natural resources;
- I earnestly request the SAR government to take a bold step forward and finally resolve Hong Kong's enduring and unjust land-planning problem.

I kindly request the Task Force on Land Supply to convey my views to the government departments responsible, so that Hong Kong can pursue a land development model that is sustainable, has integrity and will benefit everyone.

Sincerely yours,
Griselda Lavender

I feel very strongly that Hong Kong should not develop its country parks and am hereby submitting my feedback for the Task Force on Land Supply's public engagement as follows:

- The government should absolutely prioritise the development of brownfields. Studies have shown that there is more than sufficient land from brownfields to meet Hong Kong's housing needs;
- Country parks and their peripheries, as well as land reclamation should never be an option for development(whether short-term, mid-term, long-term or conceptual). Other areas of natural resources (such as farmland) should also be approached with extreme caution because these options will cause irreversible harm to Hong Kong's environment and natural resources;
- I earnestly request the SAR government to take a bold step forward and finally resolve Hong Kong's enduring and unjust land-planning problem.

I kindly request the Task Force on Land Supply to convey my views to the government departments responsible, so that Hong Kong can pursue a land development model that is sustainable, has integrity and will benefit everyone.

Sincerely yours,
Steve Glynn

- The government should absolutely prioritise the development of brownfields. Studies have shown that there is more than sufficient land from brownfields to meet Hong Kong's housing needs;
- Country parks and their peripheries, as well as land reclamation should never be an option for development(whether short-term, mid-term, long-term or conceptual). Other areas of natural resources (such as farmland) should also be approached with extreme caution because these options will cause irreversible harm to Hong Kong's environment and natural resources;
- I earnestly request the SAR government to take a bold step forward and finally resolve Hong Kong's enduring and unjust land-planning problem.

I kindly request the Task Force on Land Supply to convey my views to the government departments responsible, so that Hong Kong can pursue a land development model that is sustainable, has integrity and will benefit everyone.

Sincerely yours,
Jessica Lee

- Country parks and their peripheries, as well as land reclamation should never be an option for development(whether short-term, mid-term, long-term or conceptual). Other areas of natural resources (such as farmland) should also be approached with extreme caution because these options will cause irreversible harm to Hong Kong's environment and natural resources;
- I earnestly request the SAR government to take a bold step forward and finally resolve Hong Kong's enduring and unjust land-planning problem.

I kindly request the Task Force on Land Supply to convey my views to the government departments responsible, so that Hong Kong can pursue a land development model that is sustainable, has integrity and will benefit everyone.

Sincerely yours,
Foongyan Lum

Daniel Parr's suggestions on Land Supply - Country Parks should never be an option for development

02/07/2018 09:14

From: [REDACTED] To: tfls@devb.gov.hk

For the HKSAR Government's Task force on Land Supply

I feel very strongly that Hong Kong should not develop its country parks and am hereby submitting my feedback for the Task Force on Land Supply's public engagement as follows:

- The government should absolutely prioritise the development of brownfields. Studies have shown that there is more than sufficient land from brownfields to meet Hong Kong's housing needs;
- Country parks and their peripheries, as well as land reclamation should never be an option for development(whether short-term, mid-term, long-term or conceptual). Other areas of natural resources (such as farmland) should also be approached with extreme caution because these options will cause irreversible harm to Hong Kong's environment and natural resources;
- I earnestly request the SAR government to take a bold step forward and finally resolve Hong Kong's enduring and unjust land-planning problem.

I kindly request the Task Force on Land Supply to convey my views to the government departments responsible, so that Hong Kong can pursue a land development model that is sustainable, has integrity and will benefit everyone.

Sincerely yours,
Daniel Parr

Other areas of natural resources (such as farmland) should also be approached with extreme caution because these options will cause irreversible harm to Hong Kong's environment and natural resources;
- I earnestly request the SAR government to take a bold step forward and finally resolve Hong Kong's enduring and unjust land-planning problem.

I kindly request the Task Force on Land Supply to convey my views to the government departments responsible, so that Hong Kong can pursue a land development model that is sustainable, has integrity and will benefit everyone.

Sincerely yours,
Steve Smit

Janet Breen's suggestions on Land Supply - Country Parks should never be an option for development

02/07/2018 02:26

From: [REDACTED] To: tfls@devb.gov.hk

For the HKSAR Government's Task force on Land Supply

I feel very strongly that Hong Kong should not develop its country parks and am hereby submitting my feedback for the Task Force on Land Supply's public engagement as follows:

- The government should absolutely prioritise the development of brownfields. Studies have shown that there is more than sufficient land from brownfields to meet Hong Kong's housing needs;
- Country parks and their peripheries, as well as land reclamation should never be an option for development(whether short-term, mid-term, long-term or conceptual). Other areas of natural resources (such as farmland) should also be approached with extreme caution because these options will cause irreversible harm to Hong Kong's environment and natural resources;
- I earnestly request the SAR government to take a bold step forward and finally resolve Hong Kong's enduring and unjust land-planning problem.

I kindly request the Task Force on Land Supply to convey my views to the government departments responsible, so that Hong Kong can pursue a land development model that is sustainable, has integrity and will benefit everyone.

Sincerely yours,
Janet Breen

T H Hung 對土地供應選項及相關議題的意見

02/07/2018 23:28

From:

To:

tfls@devb.gov.hk

先用棕地，糾正規劃問題

就 貴小組針對香港未來土地供應的公眾諮詢，本人謹此表達以下意見：

政府必須優先使用棕地和私人遊樂場地契約用地，有研究已經指出，香港的棕地及粉嶺高爾夫球場等已經足以應付香港未來的房屋需求。

當局不應研究在郊野公園邊陲地帶（包括兩個試點和其他邊陲地帶）興建房屋，也不應考慮在維港以外近岸和東大嶼填海，其他天然資源（例如農地）亦要謹慎看待，因為我們不能犧牲郊野公園的重要生態和生物。

本人希望土地供應專責小組虛心接受市民的意見，無須開發郊野公園邊陲地帶。

順祝 台安！

T H Hung 謹啟

Gemma Lam 對土地供應選項及相關議題的意見

02/07/2018 23:16

From: [REDACTED] To: tfls@devb.gov.hk

政府必須停止研究發展郊野公園邊陲地帶

就 貴小組針對香港未來土地供應的公眾諮詢，本人謹此表達以下意見： 當局須優先利用棕地，還有私人遊樂場地契約用地，這將提升香港土地的使用效率。

當局不應發展郊野公園邊陲地帶（不論是作為中長期選項的兩個試點，或作為概念性 選項），亦不應在維港以外近岸填海及發展東大嶼都會，對於發展農地也須謹慎處理，因為這些選項都會為香港的生態環境和天然資源帶來不能逆轉的破壞。

請土地供應小組尊重民意，為香港市民保護自然環境。 萬

分感謝！

02/07/2018 18:22

From:

To:

tfls@devb.gov.hk

土地供應的選項不應破壞自然和郊野，包括填海和郊野公園邊陲地帶

就 貴小組針對香港未來土地供應的公眾諮詢，本人謹此表達以下意見：

政府必須優先使用棕地和私人遊樂場地契約用地，有研究已經指出，香港的棕地及粉嶺高爾夫球場等已經足以應付香港未來的房屋需求。

郊野公園邊陲地帶（包括兩個試點和其他邊陲地帶），及在維港以外近岸及東大嶼填海，不能被視為增加土地的選項，當局亦應小心處理農地等其他天然資源，因為我們 要尊重大自然。

本人期望土地供應專責小組能真的能保護我們的環境，也能讓市民安居樂業。

祝 安好！

Jackie Lee 謹啟

02/07/2018 16:00

From:

To:

tfls@devb.gov.hk

致土地供應專責小組：

就 貴小組針對香港未來土地供應的公眾諮詢，本人謹此表達以下意見：

- 政府應優先發展棕地，有研究已經指出，香港的棕地及粉嶺高爾夫球場等已經足以應付香港未來的房屋需求；

- 郊野公園及其邊陲地帶以及填海都不應該成為土地供應的選項（不論是短期、中長期或概念性選項），其他的自然土地資源（如農地）亦應謹慎看待。因為這些選項都會為香港的生態環境和天然資源帶來不能逆轉的破壞。

- 請特區政府勇謀兼備，處理新界存積已久的土地規劃不公問題。

本人期望土地供應專責小組能將本人意見進一步反映予政府相關部門，讓香港能真正落實可持續和以人與生態為本的發展規劃。

順祝 台安！

Chung Po Keung 謹啟

Senta Wong

June 28, 2018

Dear Sir,

RE: Land for Hong Kong: Our Home, Our Say

I am writing to make my voice heard that PLEASE KEEP THE HONG KONG GOLF CLUB FANLING SITE IN ITS ENTIRETY.

I have been a member of the Hong Kong Golf Club for decades and I can collectively say that many of my business deals were concluded because of the Club. As a businessman of Hong Kong since the sixties, I have brought along many of my business counterparts to the Club and most of them are very much impressed by the facilities and the beauty of the environment. One cannot deny that friendship can be built up much easier when you are relaxed and enjoying the company, and, one cannot deny that friendship is an important factor to strike a business deal. This is why I attribute Hong Kong Golf Club as an important element for my business. If Hong Kong is to sustain its high ranking in international business, in my view, keeping the Hong Kong Golf Club Fanling site in its entirety is a must.

Besides, as a matter of image for an international cosmopolitan city like Hong Kong, I cannot imagine how Hong Kong could go without this renowned golf club! Please bear in mind that Hong Kong Golf Club holds the iconic Hong Kong Open annually and it is Hong Kong's oldest

professional sporting event. A record attendance of over 48,000 spectators attended the 2017 Hong Kong Open including more than 10,000 international visitors. The Hong Kong Open is broadcasted worldwide to over 400 million households.

With all due respect, I am writing to state my view that the Hong Kong Golf Club Fanling site should not be even considered as one of the eighteen land supply options. I sincerely hope that the Club will be able to maintain its existing facilities and premises intact.

Yours truly,

Senta Wong
(HKGCC membership no.)

CC:

敬啟者：

我是一個土生土長的香港人，我常以自己是一個香港人為傲。香港是一個國際大都會，而國際大都會不單只靠高樓林立而成的。

幾年前奧運在中國舉行時，競馬一項是在香港舉行的，在不久將來，高爾夫球將會成為奧運其中一項目，可見高球的普及化，已不再是多年前遙不可及，只有富有的人才能參與的活動了。現在一年一度的高球公開賽在粉嶺舉行，為香港的知名度大大提高了不少。

在現今科技發達的社會裏，人只沉迷在電腦操控的世界裏，我們是否應提倡有益身心的體育，不管是高球或其它體育項目。

當然現在房屋短缺是一個嚴重問題，但為什麼房屋會變得如此短缺呢？香港每年容納大量外來移民，實在使香港負荷不了。而政府容許發展商賣樓現存方式，實在是助長發展商橫行無忌，現在想買樓，好像去乞米一樣，首先要排長龍，（我認為這是發展商制做出來的氣氛）有錢買樓也好像要求他們似的，抽籤之後，尚要在限時限刻的情況下馬上決定，買樓並非買根蔥，他們怎可以這樣欺負普罗大眾，政府在這方面是否應做点什麼呢？另外，發展商委任的地產商，把想買樓宇的人數，以双倍支票數量來吹噓，實則想購買樓宇的人數，務使人心惶惶！！

你們的問卷裏，有提及把粉嶺高球會負地重置，這些百年老樹是你們可輕易重置的嗎？各種受保護的鳥蝶及昆虫，你們又如何安置牠們呢？

好像你們把中環郵政總局搬遷，目的又何在？搬遷所帶花費頗大，不要浪費立稅人的錢啊！

我小時電視常播，兩個就夠晒數，生得名會斷担挑，由於這樣的宣傳，香港人都趨於少生育，以致今天人口老化，照理人口只會減少，住屋需求亦應相繼減少，為何會形成今天住屋緊張的局面，是因為香港每年容納數以萬計的外來者前往香港定居，

如果我們像美國、中國版地下，當然不是一個問題，但香港是一個彈丸之地，試問又怎能無止境地為香港增添負擔呢？

我認為與其要把某些項目負地重置，倒不如將一些荒廢了的地方物盡其用，現在香港的軍營總佔有地之多，但實則有用的卻少之有少，高铁一但投入服務，來往中國便方便多了，而軍營之配套是現成的，何不用石崗及九龍的軍營建築公屋？

很多人說負擔不了買樓，香港儲備之多，與其用來派錢，不如起公屋，用便宜租金租與有需要的人居住？

以上是我個人意見，希望在不久之將來，香港能像星加坡一樣，沒有住屋問題。同時我亦希望香港能保住~~高球~~高球公開賽場地的身份，如果場地沒有了，最開心的還是星加坡，因為大有可能場地會移師到星加坡，那麼我們便會徹底敗在星加坡手裏了。

28th June 2018

The Secretariat,
Task Force on Land Supply,
17th Floor, West Wing, Central Government Offices,
2 Tim Mei Avenue, Tamar,
Hong Kong.

Dear Sir,

My name is Lam Hon Keung Keith, BH, OBE, JP.

I am quite active in the community and social involvement in Hong Kong. I am the Chairman of the Hospital Governing Committee of the Hong Kong Buddhist Hospital, Vice Chairman of the Hong Kong Buddhist Association, an appointed Independent Non-executive Director of Wah Ha Realty Company Limited since 1993 and Chairman of Infinergy Hong Kong Limited.

I was a Committee Member of the Far East Exchange Limited (1975-1986), a Council Member of the Stock Exchange (1987-1994), the ex-President of Rotary Club of Hong Kong South (1976-1977), a member of Advisory Committee on Corruption (I.C.A.C.) (1985-1990), a member of Town Planning Board (1985-1992), a member of the Social Welfare Advisory Committee (2000-2006) and an appointed unofficial members of the Legislative Councillor in 1984.

Concerning the option "Alternative Uses of Sites under Private Recreational Leases", relates to the partial or full reclamation of the Fanling Courses, I am **strongly against** this option and would like to point out the key reasons why the entire Fanling site is important to Hong Kong as follows viz :-

Key Reasons Why the Entire Fanling Site is Important to Hong Kong :

1. History and Heritage
 - Hong Kong Golf Club is an important part of Hong Kong's heritage. It is the oldest golf club in South East Asia and the second oldest in Asia.
 - The clubhouse at Fanling was constructed in 1911 and is a Grade II Heritage Building, The Pavilion on the OLD Course, opened in 1918, is a Grade III Heritage Building.
 - There are 68 ancestral graves with many of them dating back several hundred years to the Qing and Ming dynasties.
2. Ecological and Conservation Values
 - Hong Kong Golf Club is an important green lung in the northern New Territories; over 40%, or 74.2 hectares, of the Fanling courses are comprised of dense woodland, including secondary forests.
 - The Fanling courses have many trees which are protected by Hong Kong law and meet the Government's criteria of "Old and Valuable Trees".
 - The three courses are also inhabited by a huge diversity of fauna including protected species of birds, insects, reptiles and other wildlife.

3. Public Access

- Facilities at Fanling are open to the public from Monday to Friday throughout the year.
- In 2017 over 50,000 (42%) of the 120,000 rounds of golf were played by non-members.

4. Iconic International Tournaments

- The Hong Kong Open is Hong Kong's oldest professional sporting event.
- In 2018, Hong Kong Golf Club will host the 60th Edition of the Hong Kong Open. The Hong Kong Open is co-sanctioned by the European and Asian PGA Tours and is one of only two professional tournaments in the world to have been hosted at the same venue for more than 50 years.
- A record attendance of over 48,000 spectators attended the 2017 Hong Kong Open including more than 10,000 international visitors. The Hong Kong Open is broadcast worldwide to over 400 million households.

5. Grooming Young Talented Golfers

- Hong Kong Golf Club has been a key supporter of the Hong Kong Golf Association (HKGA) in the grooming of young talent by providing HKGA free access to host its squad team training and amateur tournaments.
- In May 2018, the Hong Kong Golf Club sponsored the HKGA's inaugural Inter-Secondary Schools Golf Tournament by providing the Old Course as the tournament venue and offering free practice rounds and other support for participating school teams.
- Hong Kong Golf Club founded the Hong Kong Ladies Open and has hosted it in Fanling for the past 4 years. Playing in the tournament has enabled Hong Kong's talented young amateurs to earn world ranking points to help them to qualify for international events including The Olympic Games.

6. Community Outreach Charitable Works

- Over 200 non-member events, including many fund-raising charity golf days, are held every year at the Fanling golf courses. More than HK\$20 million is raised annually for a variety of charities, such as the Community Chest, the Tung Wah Group of Hospitals, the Yan Chai Hospital, and others.
- The Hong Kong Golf Club's in-house annual flagship charity event, the "Cup of Kindness", was launched 30 years ago. The event raises funds every year for community-based charities in North District, including the North District Hospital.

Yours faithfully,

Lam Hon Keung Keith
(Member of Hong Kong Golf Club – No.)

敬啟者：

有關馬料水填海事宜

我們是馬鞍山沃泰街 1 號嵐岸的管理人，自政府公佈有關馬料水填海的技術可行研究報告，我們收到不少業戶提出反對意見。

我們曾於 2018 年 3 月 28 日致函向 貴局反映早前在嵐岸進行的「馬料水填海」問卷調查結果，超過 90%業戶反對填海。另外，我們亦於 2018 年 5 月 19 日舉行「嵐岸業主大會」與業戶共同討論有關填海事宜，當中大部份出席的業戶都表示強烈反對，並期望政府擱置填海計劃。

綜合業戶的意見，有關理據如下：

1. 填海位置：由於沙田三面環山，馬料水乃是該區的通風廊，將鮮風引進沙田及大圍一帶，因此附近均是低密度的建築物。若填海後興建較高的建築物，會形成屏風效應。
2. 水質問題：長久以來政府花費不少資源去改善城門河的水質，若進行填海工程，擔心會再度影響城門河的水質。
3. 水流問題：填海有可能加重河水倒灌的問題，之前天文大潮時河畔花園附近隧道亦因河水倒灌而水浸，水位達至一人的高度，擔心填海後會將水位提高。
4. 交通問題：現時繁忙時間大老山隧道、大埔公路、獅子山隧道非常擠塞，而源頭自於科學園。如填海後增加人口，擔心會進一步增加交通壓力。
5. 空氣質素：填海範圍距離屋苑只有 300-400 米，工程進行時會有很多沙塵影響空氣質素。

高衛物業管理有限公司
GOODWELL PROPERTY MANAGEMENT LIMITED

謹此我們就上述事宜向 貴局反映嵐岸業戶的意見及感受，並懇請 貴局慎重考慮有關填海建議及計劃的可行性。

如有任何查詢或需要協助，歡迎致電

Fw: 粉嶺高球場的最高出路

28/06/2018 16:18

From: [REDACTED]
To: [REDACTED]
Date: 20/06/2018 04:07 PM
Subject: 粉嶺高球場的最高出路

致 香港特首林鄭月娥女士

尊敬的林太:

本人於1979年開始協助深圳蛇口的改革開放，專注於航運和基建系統。現希望獻上一策，幫助解決粉嶺高球場的難題。

我建議一個「上置方案」，既可提供大量住宅，亦能保留球場、會所、古樹與環境，多方共贏:-

1. 高球場有三條十八洞球道，總長度約一萬七千米。方案是分三期在這三條球道上建共約280棟住宅大廈；大廈之間相隔30-60米。大廈層數則由最大可建樓宅面積決定(估計約四十層)。如比對面積相約的荃灣，這裏可住三十萬人。

2. 全部大廈的屋頂均設計為平台。屋頂平台與平台之間則以較輕型的天橋結構(因只有人和高球車等使用)按原有球道連接起來。經種樹，園藝和鋪草皮後，原來的球道將重現屋頂(大概五棟大廈就足以支撐由發球點至果嶺約三百米的球道)。這全球獨一無二的「高」球場更有一望無際的景觀。

星加坡的濱海灣金沙酒店(Marina Bay Sands)與及本港的啟德郵輪碼頭和西九高鐵站皆有類似的高層花園特色。

3. 除加建升降機上落會所與球道外，歷史性的球會會所應毋須改動。

4. 由於現有樹木都在球道兩旁，而大廈只建在球道上，故此全部古樹皆得以保存。如果把區來道路、停車場和商場都建在地下層，地面便成為古樹參天的綠化園區；低層裙樓也合科技研究和創新產業之用。

利用收回土地條例 回收發展商私人農地

不應與地產商合作

與地產商合作只會變相鼓勵地產商以後屯積更多土地

香港地少人多 明顯無法利用市場機制解決土地問題

理應效法新加坡 將約九成人口安置於政府興建的房屋

可能約5-6成人口安置於居屋 2-3成於公屋 約1成人口居住於私人住宅

浪費納稅人的金錢收購發展商的土地 不但會鼓勵發展商屯地 更令市民反感官商勾結

理應用於與發展商可能的司法覆核的法律開支上

發展商根本不可能挑戰有國家支持的香港政府

不但可以一勞永逸解決土地問題 而且花費遠低於收購發展商土地所需費用

並可將香港資源從地產行業中抽出投放於國家政策指定的未來的高科技上

地產行業根本不可能長期支持香港發展

繼續將地產行業當作香港支柱產業 只有百害無一利

只有將資源投放於國家支持的高科技行業 才更有利香港長遠發展

Land Supply Task Force Public Consultation

03/07/2018 20:04

From: [REDACTED]

To: tfls@devb.gov.hk

Dear Sir

With reference to the Land Supply Task Force public consultation.

I went to the website and completed the online questionnaire

I note the following on the website form

Short term supply only offers a couple of hundred hectares of land which could be claimed back (including 60Ha from private recreational leases). Then when you click Next it informs you that there is still hundreds of hectares of shortfall, thus encouraging people to go back and tick to reclaim the land from the PRL holders. This is a very invalid form of survey! This means that the online questionnaire should result in almost everyone ticking all the short term boxes as the total offered NEVER comes up to the amount the task force envisages as being required.

However:

[1] I am of the opinion that there is not a shortfall of land supply in Hong Kong. Instead I give you the following:

Large property developers in HK (and there are only five or six) get to loan purchasers money to buy new their properties backed by mortgage insurance. Thus for new properties in HK the maximum mortgage you can get is de facto 80 or even 90%.

In the second hand market this is largely unavailable as the premium for the insurance has to be paid by the purchaser, and frequently limited by the insurance company meaning that mortgages in the secondary market are de facto 40 to 50%. If you dont believe me try it out yourself.

So this means that new properties get sold, but secondary market properties do not - and this is shown clearly by the statistics. The secondary market shows very low turnover volumes.

[2] So there is an easy fix. Set the maximum mortgage for ALL properties to be 75% except for certain properties (Home Ownership scheme or similar) where the Government will provide an additional mortgage of 15%. Restrict this so ONLY the government can do this, and only for special properties. This will level the field between new properties and secondary market properties, putting a lot more secondary market properties on the market, which will have the effect of reducing the price of new properties: basic supply side economics.

[3] Stop the small house policy. Convert all existing land leases in the NT to 199 year leases in return for Heung Yee Kuk support to stop the small house policy (otherwise all leases expire in 2047 so they must be worried). Then remove restrictions on these properties - let people build what they want. No height restriction, no mortgage restriction, no land problem, no property shortage. Building regulations, access regulations, mandatory carparks under houses - all of this is possible if the stupid stupid small house policy is stopped. Small House Policy is a form of selective taxation and selective benefit and thus distorts the market.

[4] Remove the extra tax for second property. Why have this? A lot of second properties in HK are actually knock throughs or (in the case of NT houses) split level apartments in any case. This tax makes sure that small flats get smaller and can never get bigger. This was a mistake on day one and was done to further shut down the secondary market. This is a selective tax and thus distorts a natural market. With an empty home tax why have this restriction?

[5] Remove the extra tax for non PR holders. Simply insist on PR, or 2 years tax return+ID card. It is possible to be a tax payer in HK but not a PR. This is easy to check. Extra tax on non PR holders is a selective tax and thus distorts the market. There is no evidence of non PR holders owning huge amounts of property so why have this tax?

Do all of that and let the now level market place find itself. It will. While the current policy exists to encourage only new flat sales, they will always be at a premium. A policy should exist to encourage secondary market sales as in every single other property market in the world and thus make the market much larger and therefore much more resilient.

What Land Supply problem? This is a house price bubble caused by selective taxation!

Rgds

Email: tfls@devb.gov.hk

3rd July 2018

Dear Sir,

Re: Hong Kong Golf Club (HKGC)

I write in support of HKGC's position to preserve the entire Fanling site.

Golf is a popular sport. Hong Kong is in need of more, rather than less, land for sports and golf development. Facilities at Fanling are open to public during week days throughout the year. Over 50,000 of the 120,000 rounds of golf were played by non-members in 2017. Fanling is where the Hong Kong Open is played. It is a popular event for both overseas visitors and locals alike. A record attendance of over 48,000 spectators attended the 2017 Open. More than 10,000 were international visitors.

I used to play tennis in my younger days. In those days, tennis, as a sport, was so popular that it was difficult to book a court, both in private clubs and public parks. Today, tennis courts are relatively easy to book. More and more people are now playing golf. Demand for golfing facilities has increased. Anyone who is willing to pay a modest green fee can play a round of golf during week days at HKGC. Visitors to Hong Kong can also play during weekends and public holidays.

What makes Hong Kong tick as a tourist destination is not just limited to the sights and sounds of the city. We are incomplete unless we can also provide alternatives to just crowded streets, neon signs dangle overhead in a style that is unique to Hong Kong and the noise that resembles the loudest of rowdy block parties. We also need greeneries. Our green parks are important. We must not also forget that over 40%, or 74.2 hectares, of the courses at HKGC are comprised of dense woodland, including secondary forests.

I plead with you. Please help to preserve our Green Lungs. Let the entire Fanling site be preserved, for the sake of Hong Kong.

Yours sincerely,

土地供應意見 - 概念性發展郊野公園邊陲地

03/07/2018 14:11

From:

To:

"tfls@devb.gov.hk" <tfls@devb.gov.hk>

Cc:

Please respond to Keith Kong

你好。

本人江永基，是一位註冊專業工程師。

若要發展郊野公園邊陲，一個又可行、爭議少的方案就是將現在八所大學一起遷移到鄰近或其他郊野公園邊陲地。因為大學的規模、樓宇的高度密度對周邊大自然環境影響是相對的小。大眾也比較容易接受。

至於八所大學現有地方便可釋放作進一步規劃。因為現時大學的位置，已有完善的道路及交通接駁配套措施。用以住宅土地發展是非常理想。例如理工大學、城市大學、浸會大學等等。

請多加考慮這方案。

From:

To:

tfls@devb.gov.hk

其實一個最大胆，而最現實的建議。

將全港學校重建一百五十層，下面撥二十層作為學校，上面一百三十層作為公屋，對於學校有縮班或殺校，課室可作為臨時過度居所。這可解決土地缺乏的問題。

RE- LAND Concern :Subject
:

to : Wong Wai Lung- Development,

frm. residents, HK

secretary of pid, pls send to 土地 資詢委會

a. Something v should strongly stick on cultivating land for houses

as far as possible.

1. Remove Fanling Golf land,
a. low compensation to be taken, b. no abolishing for whole
block of buildings c. getting sooner completion time d. large
area

Don't worry about fewer places for golf, Sai Kung recreation
island run by Jockey club, whole island that believing could absorb
golf players.

b. we are surprised how low efficiency as chief of 市建局 saying
re-establishing duration for ToKaWan residential blocks could take 5
to 7 years. Or , please get this department having more manpower -
simple timeline. 1. more linger will get more unhealthy transaction
for original owners of each announced re-novation block that any
ordinary group understand.

2. In usual practice, one and half years could totally absorb and
make it return government land. Time is money, ignore?? Could you
see when the CENTRAL market at Central of hongkong side, linger for
over 10 years, don't play. Tell construction expenses at ten years
rise up how many many percent?

3. Please think about the practical involvement of people that
should be accountable at attractive no. of people into the centre by
throwing the project of fountain , here mean Kwun Tong seaview. As
there is a defect with flyover at the head, near factory with unclear
air, building the fountain is truly waste.

4. Yuen Long flyover- there should have more passes to go down
another direction, so this is obviously good /adequate suggestion by
dissecting into 3 part and bypass grinding into deeper stone and save
money money.

thank you.

From:

To:

tfls@devb.gov.hk

Dear Secretariat,

I am writing to express my feelings regarding the possibility of the Golf Courses at The Hong Kong Golf Club being taken over either partially or totally for Public Housing.

The Golf Courses at Fanling have been in existence for over 100 years and have been the centre of golfing excellence for all of that time, introducing and training golfers both local and expatriate to golf, and who have gone on to represented Hong Kong with distinction in International events throughout the world both as professional and amateur golfers.

Fanling is a wonderful facility and historically is one of the oldest course set ups in Asia.

Apart from the golf courses, there is the Clubhouse and refreshment houses on course, as well as wonderful old and protected trees on the site not to mention the graves of previous Hong Kong families some dating back several hundred years, you certainly can't destroy or remove such historical monuments.

Fanling is a wonderful site available to all in Hong Kong wither they be golfers or not. Please do not destroy it for the sake of housing when many other more suitable sites are available.

How can you promote Hong Kong to be Asia's World City when you won't be able to boast of an International Golf Course.

Yours Sincerely,

F.Iain Valentine.

小小建議

03/07/2018 10:39

From:

To:

tfls@devb.gov.hk

辛苦各位先生/女士，
本人有小小意見。

- 1) 建立樹木保護法，讓樹木可以移值。這樣可以保護樹木，又可以空出地方建樓。
- 2) “九巴屯門南車廠和停車場和建造業屯門訓練場”-改建 B1-B2停車場，G/F巴士車廠，1/F-5/F 是老人院，6/F 防火層（公園），之後以上起居屋。
- 3) “興芳路遊樂場”改建成綜合運動中心及老人院 - 改建B1-B2停車場, 1F-5F 老人院，6/F 防火層（公園），以上建足球場，溜冰場, 籃球場, 保齡球場，等等。
- 4) 路德會啟聲學校和葵涌足球場 - 改建B1-B3停車場, GF-3F 商場，4F-6F老人院，7/F 防火層, 以上建居屋。當然先處理學校問題。
- 5) 在MTR Siu Ho Wan Depot，上蓋建宿舍給懲教署職員，和建一條隧道去喜靈州。我建議將喜靈州和周公島填海并結合一起。然後將全香港所有比懲教署管理的地方歸在此地。當然之前的宿舍全部收回（你自己上goole check 下 有多少地方）
- 6) 將解放軍所有地建屋，同時將他們的基地放在不同的山裡如果可以。
- 7) 2047年解決頂權問題（特首提過）
- 8) 新油麻地避風塘-將這地填海和將此避風塘向前移動，建私樓。
- 9) 葵和街悅海停車場- 改建B1-B3停車場, GF-2F 貨車停車場，3F-6F商場，以上建居屋或私樓。
- 10) 在大帽山和八仙嶺地段裡各建造一個地下城。
- 11) 葵涌公園 - 建組合屋以作臨時作用，並寫下合同，不作任何補償，合同完成後必須離開，但要根據政府決定已作去續約安排。（此組合屋用作有小孩的家庭之用，以解決劏房租貴問題）
- 12) 油麻地路的地鐵地盤，不知點解不建屋，如不可，可安排建組合屋。
- 13) 填海在造島是，要造一個全新世界，沒有公屋，地下車道，地面只有建築物設施或公園，還有地下管道。
- 14) 在海洋公園對出海域建造一個全世界最大的水底海洋館。

其實萬變不離其中，一幅地同時解決泊車問題，老人院問題和住房問題。還有希望也考慮在18區建築綜合運動中心（例如七人足球場，溜冰場，保齡球場，籃球場，和其他運動設施）這樣可以讓市民做多D運動）請緊記在此場地上建屋。

最後希望各位的努力成功。辛苦

土地供應

03/07/2018 00:49

From:

To:

"tfls@devb.gov.hk" <tfls@devb.gov.hk>

致土地供應專責小組，

香港作為以賣地為主要政府收入，只有更改稅制才能根本改變土地問題。高球場使用者也為納稅人現被政黨拿來作政治本錢，我作為長沙灣高球場使用者對於是次土地更改非常反感。因附近有四個足球場,藍球場,室內運動場大型田徑運動場這些政黨隻字不提。如果土地急需到這個地步是否都把這些用地都納為考慮。

如果政府政策不重視貢獻社會，納稅人成為被壓迫的一群。"凝聚社會"將不能達成。

barbara Fabbri's suggestions on Land Supply - Country Parks should never be an option for development

03/07/2018 23:58

From: [REDACTED] To: tfls@devb.gov.hk

For the HKSAR Government's Task force on Land Supply

I feel very strongly that Hong Kong should not develop its country parks and am hereby submitting my feedback for the Task Force on Land Supply's public engagement as follows:

- The government should absolutely prioritise the development of brownfields. Studies have shown that there is more than sufficient land from brownfields to meet Hong Kong's housing needs;
- Country parks and their peripheries, as well as land reclamation should never be an option for development(whether short-term, mid-term, long-term or conceptual). Other areas of natural resources (such as farmland) should also be approached with extreme caution because these options will cause irreversible harm to Hong Kong's environment and natural resources;
- I earnestly request the SAR government to take a bold step forward and finally resolve Hong Kong's enduring and unjust land-planning problem.

I kindly request the Task Force on Land Supply to convey my views to the government departments responsible, so that Hong Kong can pursue a land development model that is sustainable, has integrity and will benefit everyone.

Sincerely yours,
barbara Fabbri

Cannie Wing 對土地供應選項及相關議題的意見

03/07/2018 23:48

From: [REDACTED] To: tfls@devb.gov.hk

愛護自然，不應發展郊野公園邊陲地帶

就 貴小組針對香港未來土地供應的公眾諮詢，本人謹此表達以下意見：

政府應先用好棕地資源，及私人遊樂場地契約用地，因為粉嶺高爾夫球場和棕地等已經足以應付香港未來的房屋需求。

政府必須停止研究發展郊野公園邊陲地帶兩個試點及其他邊陲地帶，亦不應考慮兩個 涉及維港以外填海的中長期土地選項，農地發展亦須小心看待，因為郊野公園是香港 市民難得的叫氣地方。

希望土地供應小組聆聽民意，促請政府改善規劃，令市民真正安居樂業。

祝願 閣下生活愉快！

Cannie Wing 謹啟

I feel very strongly that Hong Kong should not develop its country parks and am hereby submitting my feedback for the Task Force on Land Supply's public engagement as follows:

- The government should absolutely prioritise the development of brownfields. Studies have shown that there is more than sufficient land from brownfields to meet Hong Kong's housing needs;
- Country parks and their peripheries, as well as land reclamation should never be an option for development(whether short-term, mid-term, long-term or conceptual). Other areas of natural resources (such as farmland) should also be approached with extreme caution because these options will cause irreversible harm to Hong Kong's environment and natural resources;
- I earnestly request the SAR government to take a bold step forward and finally resolve Hong Kong's enduring and unjust land-planning problem.

I kindly request the Task Force on Land Supply to convey my views to the government departments responsible, so that Hong Kong can pursue a land development model that is sustainable, has integrity and will benefit everyone.

Sincerely yours,
Kelly Cheung

Lui 對土地供應選項及相關議題的意見

03/07/2018 22:18

From:

To:

tfls@devb.gov.hk

土地供應的選項不應包括郊野公園邊陲地帶和填海

就 貴小組針對香港未來土地供應的公眾諮詢，本人謹此表達以下意見： 當局須優先利用棕地，還有私人遊樂場地契約用地，這將提升香港土地的使用效率。

當局不應發展郊野公園邊陲地帶（不論是作為中長期選項的兩個試點，或作為概念性 選項），亦不應在維港以外近岸填海及發展東大嶼都會，對於發展農地也須謹慎處理，因為這些選項都會為香港的生態環境和天然資源帶來不能逆轉的破壞。

希望土地供應小組聆聽民意，促請政府改善規劃，令市民真正安居樂業。

謝謝！

Lui 謹啟

Christopher Bennett's suggestions on Land Supply - Country Parks should never be an option for development

03/07/2018 22:02

From: [REDACTED] To: tfls@devb.gov.hk

For the HKSAR Government's Task force on Land Supply

I feel very strongly that Hong Kong should not develop its country parks and am hereby submitting my feedback for the Task Force on Land Supply's public engagement as follows:

- The government should absolutely prioritise the development of brownfields. Studies have shown that there is more than sufficient land from brownfields to meet Hong Kong's housing needs;
- Country parks and their peripheries, as well as land reclamation should never be an option for development(whether short-term, mid-term, long-term or conceptual). Other areas of natural resources (such as farmland) should also be approached with extreme caution because these options will cause irreversible harm to Hong Kong's environment and natural resources;
- I earnestly request the SAR government to take a bold step forward and finally resolve Hong Kong's enduring and unjust land-planning problem.

I kindly request the Task Force on Land Supply to convey my views to the government departments responsible, so that Hong Kong can pursue a land development model that is sustainable, has integrity and will benefit everyone.

Sincerely yours,
Christopher Bennett

Nana 對土地供應選項及相關議題的意見

03/07/2018 22:00

From: [REDACTED] To: tfls@devb.gov.hk

不應發展郊野公園邊陲地帶，守護大自然

就 貴小組針對香港未來土地供應的公眾諮詢，本人謹此表達以下意見：

政府應先用好棕地資源，及私人遊樂場地契約用地，因為粉嶺高爾夫球場和棕地等已經足以應付香港未來的房屋需求。

政府必須停止研究發展郊野公園邊陲地帶兩個試點及其他邊陲地帶，亦不應考慮兩個 涉及維港以外填海的中長期土地選項，農地發展亦須小心看待，因為郊野公園是香港 市民難得的叫氣地方。

請土地供應小組尊重民意，為香港市民保護自然環境。

敬祝安好！

For the HKSAR Government's Task force on Land Supply

I feel very strongly that Hong Kong should not develop its country parks and am hereby submitting my feedback for the Task Force on Land Supply's public engagement as follows:

- The government should absolutely prioritise the development of brownfields. Studies have shown that there is more than sufficient land from brownfields to meet Hong Kong's housing needs;
- Country parks and their peripheries, as well as land reclamation should never be an option for development(whether short-term, mid-term, long-term or conceptual). Other areas of natural resources (such as farmland) should also be approached with extreme caution because these options will cause irreversible harm to Hong Kong's environment and natural resources;
- I earnestly request the SAR government to take a bold step forward and finally resolve Hong Kong's enduring and unjust land-planning problem.

I kindly request the Task Force on Land Supply to convey my views to the government departments responsible, so that Hong Kong can pursue a land development model that is sustainable, has integrity and will benefit everyone.

Sincerely yours,
Alnila Woolley

張靖彤對土地供應選項及相關議題的意見

03/07/2018 21:06

From: [REDACTED] To: tfls@devb.gov.hk

愛護自然，不應發展郊野公園邊陲地帶

就 貴小組針對香港未來土地供應的公眾諮詢，本人謹此表達以下意見： 當局須
優先利用棕地，還有私人遊樂場地契約用地，這將提升香港土地的使用效率。

政府必須停止研究發展郊野公園邊陲地帶兩個試點及其他邊陲地帶，亦不應考慮兩個
涉及維港以外填海的中長期土地選項，農地發展亦須小心看待，因為郊野公園是香港 市
民難得的叫氣地方。

本人期望土地供應專責小組能將本人意見進一步反映予政府相關部門，讓香港能真正 落實可
持續和以人與生態為本的發展規劃。

敬祝安好！

張靖彤謹啟

For the HKSAR Government's Task force on Land Supply

I feel very strongly that Hong Kong should not develop its country parks and am hereby submitting my feedback for the Task Force on Land Supply's public engagement as follows:

- The government should absolutely prioritise the development of brownfields. Studies have shown that there is more than sufficient land from brownfields to meet Hong Kong's housing needs;
- Country parks and their peripheries, as well as land reclamation should never be an option for development(whether short-term, mid-term, long-term or conceptual). Other areas of natural resources (such as farmland) should also be approached with extreme caution because these options will cause irreversible harm to Hong Kong's environment and natural resources;
- I earnestly request the SAR government to take a bold step forward and finally resolve Hong Kong's enduring and unjust land-planning problem.

I kindly request the Task Force on Land Supply to convey my views to the government departments responsible, so that Hong Kong can pursue a land development model that is sustainable, has integrity and will benefit everyone.

Sincerely yours,
Pritya Widiarta

Yeung on chuen 對土地供應選項及相關議題的意見

03/07/2018 19:24

From: [REDACTED] To: tfls@devb.gov.hk

土地供應的選項不應包括填海和郊野公園邊陲地帶

就 貴小組針對香港未來土地供應的公眾諮詢，本人謹此表達以下意見：

政府應先用好棕地資源，及私人遊樂場地契約用地，因為粉嶺高爾夫球場和棕地等已經足以應付香港未來的房屋需求。

當局不應發展郊野公園邊陲地帶（不論是作為中長期選項的兩個試點，或作為概念性 選項），亦不應在維港以外近岸填海及發展東大嶼都會，對於發展農地也須謹慎處理，因為這些選項都會為香港的生態環境和天然資源帶來不能逆轉的破壞。

衷心希望土地供應小組接納意見，要求政府改善規劃，保護珍貴的自然環境。

感謝！

Cheung Hiu Wing對土地供應選項及相關議題的意見

03/07/2018 19:08

From: [REDACTED] To: tfls@devb.gov.hk

愛護自然，不應發展郊野公園邊陲地帶

就 貴小組針對香港未來土地供應的公眾諮詢，本人謹此表達以下意見： 當局必須首先善用棕地，及私人遊樂場地契約用地，釋放現有的土地資源。

政府必須停止研究發展郊野公園邊陲地帶兩個試點及其他邊陲地帶，亦不應考慮兩個涉及維港以外填海的中長期土地選項，農地發展亦須小心看待，因為郊野公園是香港 市民難得的叫氣地方。

請土供組如實向特首林鄭月娥反映市民訴求，規劃棕地，保護郊野邊陲地帶。

順祝 生活愉快！

Cheung Hiu Wing 謹啟

Chi Wai Wong's suggestions on Land Supply - Country Parks should never be an option for development

03/07/2018 18:36

From: [REDACTED] To: tfls@devb.gov.hk

For the HKSAR Government's Task force on Land Supply

I feel very strongly that Hong Kong should not develop its country parks and am hereby submitting my feedback for the Task Force on Land Supply's public engagement as follows:

- The government should absolutely prioritise the development of brownfields. Studies have shown that there is more than sufficient land from brownfields to meet Hong Kong's housing needs;
- Country parks and their peripheries, as well as land reclamation should never be an option for development(whether short-term, mid-term, long-term or conceptual). Other areas of natural resources (such as farmland) should also be approached with extreme caution because these options will cause irreversible harm to Hong Kong's environment and natural resources;
- I earnestly request the SAR government to take a bold step forward and finally resolve Hong Kong's enduring and unjust land-planning problem.

I kindly request the Task Force on Land Supply to convey my views to the government departments responsible, so that Hong Kong can pursue a land development model that is sustainable, has integrity and will benefit everyone.

Yu Sze Kim 對土地供應選項及相關議題的意見

03/07/2018 17:58

From:

To:

tfls@devb.gov.hk

填海和郊野公園邊陲地帶都不應成為發展和土地供應的選項

就 貴小組針對香港未來土地供應的公眾諮詢，本人謹此表達以下意見： 棕地和私人遊樂場地契約用地，必須被選為優先選項，這將有助釋放土地資源。

政府不應發展郊野公園兩個試點作為中長期選項，不應研究郊野公園邊陲地帶其他地點，亦不應考慮在維港以外填海，因為填海將破壞海洋生態。

本人希望土地供應專責小組虛心接受市民的意見，無須開發郊野公園邊陲地帶。

敬祝安好！

Yu Sze Kim 謹啟

From:

To:

tfls@devb.gov.hk

土地供應的選項不應破壞自然和郊野，包括填海和郊野公園邊陲地帶

就 貴小組針對香港未來土地供應的公眾諮詢，本人謹此表達以下意見： 當局必須首先善用棕地，及私人遊樂場地契約用地，釋放現有的土地資源。

當局不應研究在郊野公園邊陲地帶（包括兩個試點和其他邊陲地帶）興建房屋，也不應考慮在維港以外近岸和東大嶼填海，其他天然資源（例如農地）亦要謹慎看待，因為我們不能犧牲郊野公園的重要生態和生物。

希望土地供應小組聆聽民意，促請政府改善規劃，令市民真正安居樂業。 萬分感謝！

chan tak 對土地供應選項及相關議題的意見

03/07/2018 15:02

From: [REDACTED] To: tfls@devb.gov.hk

愛護自然，不應發展郊野公園邊陲地帶

就 貴小組針對香港未來土地供應的公眾諮詢，本人謹此表達以下意見：

政府必須優先使用棕地和私人遊樂場地契約用地，有研究已經指出，香港的棕地及粉嶺高爾夫球場等已經足以應付香港未來的房屋需求。

政府不應發展郊野公園兩個試點作為中長期選項，不應研究郊野公園邊陲地帶其他地點，亦不應考慮在維港以外填海，因為填海將破壞海洋生態。

懇請土地供應小組聽取民意，令香港真正可持續發展。

祝 安好！

Rod Paterson's suggestions on Land Supply - Country Parks should never be an option for development

03/07/2018 14:58

From: [REDACTED] To: tfls@devb.gov.hk

For the HKSAR Government's Task force on Land Supply

I feel very strongly that Hong Kong should not develop its country parks and am hereby submitting my feedback for the Task Force on Land Supply's public engagement as follows:

- The government should absolutely prioritise the development of brownfields. Studies have shown that there is more than sufficient land from brownfields to meet Hong Kong's housing needs;
- Country parks and their peripheries, as well as land reclamation should never be an option for development(whether short-term, mid-term, long-term or conceptual). Other areas of natural resources (such as farmland) should also be approached with extreme caution because these options will cause irreversible harm to Hong Kong's environment and natural resources;
- I earnestly request the SAR government to take a bold step forward and finally resolve Hong Kong's enduring and unjust land-planning problem.

I kindly request the Task Force on Land Supply to convey my views to the government departments responsible, so that Hong Kong can pursue a land development model that is sustainable, has integrity and will benefit everyone.

Sincerely yours,
Rod Paterson

Yasmin Tsang's suggestions on Land Supply - Country Parks should never be an option for development

03/07/2018 12:16

From: [REDACTED] To: tfls@devb.gov.hk

For the HKSAR Government's Task force on Land Supply

I feel very strongly that Hong Kong should not develop its country parks and am hereby submitting my feedback for the Task Force on Land Supply's public engagement as follows:

- The government should absolutely prioritise the development of brownfields. Studies have shown that there is more than sufficient land from brownfields to meet Hong Kong's housing needs;
- Country parks and their peripheries, as well as land reclamation should never be an option for development (whether short-term, mid-term, long-term or conceptual). Other areas of natural resources (such as farmland) should also be approached with extreme caution because these options will cause irreversible harm to Hong Kong's environment and natural resources;
- I earnestly request the SAR government to take a bold step forward and finally resolve Hong Kong's enduring and unjust land-planning problem.

I kindly request the Task Force on Land Supply to convey my views to the government departments responsible, so that Hong Kong can pursue a land development model that is sustainable, has integrity and will benefit everyone.

Sincerely yours,
Yasmin Tsang

Wan Lai King 對土地供應選項及相關議題的意見

03/07/2018 11:50

From: [REDACTED] To: tfls@devb.gov.hk

善用棕土，不應發展郊野公園邊陲地帶和填海

就 貴小組針對香港未來土地供應的公眾諮詢，本人謹此表達以下意見： 當局須
優先利用棕地，還有私人遊樂場地契約用地，這將提升香港土地的使用效率。

當局不應發展郊野公園邊陲地帶（不論是作為中長期選項的兩個試點，或作為概念性 選項），亦不應在維港以外近岸填海及發展東大嶼都會，對於發展農地也須謹慎處理，因為這些選項都會為香港的生態環境和天然資源帶來不能逆轉的破壞。

請黃遠輝先生為香港下一代著想，不要開發郊野公園邊陲地帶。 萬分感謝！

03/07/2018 11:38

From: [REDACTED] To: tfls@devb.gov.hk

不應發展郊野公園邊陲地帶，守護大自然

就 貴小組針對香港未來土地供應的公眾諮詢，本人謹此表達以下意見：

政府必須優先使用棕地和私人遊樂場地契約用地，有研究已經指出，香港的棕地及粉嶺高爾夫球場等已經足以應付香港未來的房屋需求。

郊野公園邊陲地帶（包括兩個試點和其他邊陲地帶），及在維港以外近岸及東大嶼填海，不能被視為增加土地的選項，當局亦應小心處理農地等其他天然資源，因為我們 要尊重大自然。

懇請土地供應小組聽取民意，令香港真正可持續發展。

順祝 生活愉快！

Shirley Smith's suggestions on Land Supply - Country Parks should never be an option for development

03/07/2018 08:56

From: [REDACTED] To: tfls@devb.gov.hk

For the HKSAR Government's Task force on Land Supply

I feel very strongly that Hong Kong should not develop its country parks and am hereby submitting my feedback for the Task Force on Land Supply's public engagement as follows:

- The government should absolutely prioritise the development of brownfields. Studies have shown that there is more than sufficient land from brownfields to meet Hong Kong's housing needs;
- Country parks and their peripheries, as well as land reclamation should never be an option for development(whether short-term, mid-term, long-term or conceptual). Other areas of natural resources (such as farmland) should also be approached with extreme caution because these options will cause irreversible harm to Hong Kong's environment and natural resources;
- I earnestly request the SAR government to take a bold step forward and finally resolve Hong Kong's enduring and unjust land-planning problem.

I kindly request the Task Force on Land Supply to convey my views to the government departments responsible, so that Hong Kong can pursue a land development model that is sustainable, has integrity and will benefit everyone.

Sincerely yours,
Shirley Smith

Chung wai fung對土地供應選項及相關議題的意見

03/07/2018 08:48

From: [REDACTED] To: tfls@devb.gov.hk

土地供應的選項不應包括填海和郊野公園邊陲地帶

就 貴小組針對香港未來土地供應的公眾諮詢，本人謹此表達以下意見：

政府必須優先使用棕地和私人遊樂場地契約用地，有研究已經指出，香港的棕地及粉嶺高爾夫球場等已經足以應付香港未來的房屋需求。

政府必須停止研究發展郊野公園邊陲地帶兩個試點及其他邊陲地帶，亦不應考慮兩個 涉及維港以外填海的中長期土地選項，農地發展亦須小心看待，因為郊野公園是香港 市民難得的叫氣地方。

本人期望土地供應專責小組能真的能保護我們的環境，也能讓市民安居樂業。

祝 安好！

郊野公園邊陲地帶和填海都不應成為發展和土地供應的選項

就 貴小組針對香港未來土地供應的公眾諮詢，本人謹此表達以下意見： 當局須
優先利用棕地，還有私人遊樂場地契約用地，這將提升香港土地的使用效率。

當局不應發展郊野公園邊陲地帶（不論是作為中長期選項的兩個試點，或作為概念性 選項），
亦不應在維港以外近岸填海及發展東大嶼都會，對於發展農地也須謹慎處 理，因為這些選項
都會為香港的生態環境和天然資源帶來不能逆轉的破壞。

請黃遠輝先生為香港下一代著想，不要開發郊野公園邊陲地帶。

順祝 國泰民安！

cheung kwok chuen對土地供應選項及相關議題的意見

03/07/2018 07:04

From: [REDACTED] To: tfls@devb.gov.hk

土地供應的選項不應包括郊野公園邊陲地帶和填海

就 貴小組針對香港未來土地供應的公眾諮詢，本人謹此表達以下意見：

政府必須優先使用棕地和私人遊樂場地契約用地，有研究已經指出，香港的棕地及粉嶺高爾夫球場等已經足以應付香港未來的房屋需求。

當局不應發展郊野公園邊陲地帶（不論是作為中長期選項的兩個試點，或作為概念性 選項），亦不應在維港以外近岸填海及發展東大嶼都會，對於發展農地也須謹慎處理，因為這些選項都會為香港的生態環境和天然資源帶來不能逆轉的破壞。

懇請土地供應小組聽取民意，令香港真正可持續發展。

順祝 生活愉快！

Noranda Tse's suggestions on Land Supply - Country Parks should never be an option for development

03/07/2018 07:04

From: [REDACTED] To: tfls@devb.gov.hk

For the HKSAR Government's Task force on Land Supply

I feel very strongly that Hong Kong should not develop its country parks and am hereby submitting my feedback for the Task Force on Land Supply's public engagement as follows:

- The government should absolutely prioritise the development of brownfields. Studies have shown that there is more than sufficient land from brownfields to meet Hong Kong's housing needs;
- Country parks and their peripheries, as well as land reclamation should never be an option for development(whether short-term, mid-term, long-term or conceptual). Other areas of natural resources (such as farmland) should also be approached with extreme caution because these options will cause irreversible harm to Hong Kong's environment and natural resources;
- I earnestly request the SAR government to take a bold step forward and finally resolve Hong Kong's enduring and unjust land-planning problem.

I kindly request the Task Force on Land Supply to convey my views to the government departments responsible, so that Hong Kong can pursue a land development model that is sustainable, has integrity and will benefit everyone.

Sincerely yours,
Noranda Tse

Sandy Yu 對土地供應選項及相關議題的意見

03/07/2018 04:32

From: [REDACTED] To: tfls@devb.gov.hk

請停止研究開發郊野公園邊陲地帶

就 貴小組針對香港未來土地供應的公眾諮詢，本人謹此表達以下意見： 棕地和私人遊樂場地契約用地，必須被選為優先選項，這將有助釋放土地資源。

郊野公園邊陲地帶（包括兩個試點和其他邊陲地帶），及在維港以外近岸及東大嶼填海，不能被視為增加土地的選項，當局亦應小心處理農地等其他天然資源，因為我們 要尊重大自然。

懇請土地供應小組聽取民意，令香港真正可持續發展。

祝願 閣下生活愉快！

填海和郊野公園邊陲地帶都不應成為發展和土地供應的選項

就 貴小組針對香港未來土地供應的公眾諮詢，本人謹此表達以下意見：

政府應先用好棕地資源，及私人遊樂場地契約用地，因為粉嶺高爾夫球場和棕地等已經足以應付香港未來的房屋需求。

當局不應發展郊野公園邊陲地帶（不論是作為中長期選項的兩個試點，或作為概念性選項），亦不應在維港以外近岸填海及發展東大嶼都會，對於發展農地也須謹慎處理，因為這些選項都會為香港的生態環境和天然資源帶來不能逆轉的破壞。

懇請土地供應小組聽取民意，令香港真正可持續發展。

順祝 國泰民安！

優先使用棕地，守護自然郊野及郊野公園邊陲地帶

就 貴小組針對香港未來土地供應的公眾諮詢，本人謹此表達以下意見： 棕地和私人遊樂場地契約用地，必須被選為優先選項，這將有助釋放土地資源。

政府必須停止研究發展郊野公園邊陲地帶兩個試點及其他邊陲地帶，亦不應考慮兩個涉及維港以外填海的中長期土地選項，農地發展亦須小心看待，因為郊野公園是香港 市民難得的叫氣地方。

本人希望土地供應專責小組虛心接受市民的意見，無須開發郊野公園邊陲地帶。

萬分感謝！

May Cheung 謹啟

Lau Ling Yun 對土地供應選項及相關議題的意見

03/07/2018 01:08

From:  To: tfls@devb.gov.hk

土地供應的選項不應包括郊野公園邊陲地帶和填海

就 貴小組針對香港未來土地供應的公眾諮詢，本人謹此表達以下意見： 棕地和私人遊樂場地契約用地，必須被選為優先選項，這將有助釋放土地資源。

當局不應研究在郊野公園邊陲地帶（包括兩個試點和其他邊陲地帶）興建房屋，也不應考慮在維港以外近岸和東大嶼填海，其他天然資源（例如農地）亦要謹慎看待，因為我們不能犧牲郊野公園的重要生態和生物。

請黃遠輝先生為香港下一代著想，不要開發郊野公園邊陲地帶。

順祝 生活愉快！

Lau Ling Yun 謹啟

Fier Li's suggestions on Land Supply - Country Parks should never be an option for development

03/07/2018 00:52

From: [REDACTED] To: tfls@devb.gov.hk

For the HKSAR Government's Task force on Land Supply

I feel very strongly that Hong Kong should not develop its country parks and am hereby submitting my feedback for the Task Force on Land Supply's public engagement as follows:

- The government should absolutely prioritise the development of brownfields. Studies have shown that there is more than sufficient land from brownfields to meet Hong Kong's housing needs;
- Country parks and their peripheries, as well as land reclamation should never be an option for development(whether short-term, mid-term, long-term or conceptual). Other areas of natural resources (such as farmland) should also be approached with extreme caution because these options will cause irreversible harm to Hong Kong's environment and natural resources;
- I earnestly request the SAR government to take a bold step forward and finally resolve Hong Kong's enduring and unjust land-planning problem.

I kindly request the Task Force on Land Supply to convey my views to the government departments responsible, so that Hong Kong can pursue a land development model that is sustainable, has integrity and will benefit everyone.

Sincerely yours,
Fier Li
