- I feel very strongly that Hong Kong should not develop its country parks and am hereby submitting my feedback for the Task Force on Land Supply's public engagement as follows:
- The government should absolutely prioritise the development of brownfields. Studies have shown that there is more than sufficient land from brownfields to meet Hong Kong's housing needs;
- Country parks and their peripheries, as well as land reclamation should never be an option for development (whether short-term, mid-term, long-term or conceptual). Other areas of natural resources (such as farmland) should also be approached with extreme caution because these options will cause irreversible harm to Hong Kong's environment and natural resources;
- I earnestly request the SAR government to take a bold step forward and finally resolve Hong Kong's enduring and unjust land-planning problem.
- I kindly request the Task Force on Land Supply to convey my views to the government departments responsible, so that Hong Kong can pursue a land development model that is sustainable, has integrity and will benefit everyone.

Sincerely yours, Craig Blurton

07/07/2018 06:30

優先發展棕地,無須發展郊野公園邊陲地帶

就 貴小組針對香港未來土地供應的公眾諮詢,本人謹此表達以下意見:

政府應先用好棕地資源,及私人遊樂場地契約用地,因為粉嶺高爾夫球場和棕地等已經足以應付香港未來的房屋需求。

當局不應發展郊野公園邊陲地帶(不論是作為中長期選項的兩個試點,或作為概念性 選項),亦不應在維港以外近岸填海及發展東大嶼都會,對於發展農地也須謹慎處 理,因為這些選項都會為香港的生態環境和天然資源帶來不能逆轉的破壞。

本人希望土地供應小組向政府反映本人意見,保護香港的自然環境。

順祝 生活愉快!

謝友成謹啟

	土地供應專責小組咨詢的個人意見提交	08/07/2018 22:15
From:		
To:	"tfls@devb.gov.hk" <tfls@devb.gov.hk></tfls@devb.gov.hk>	

很多專家,團体有明確立場,声音,相信專责小组加以重视,聆聽。

香港有不少無家者,20萬劏房户人口,10萬納米樓住民,以香港為家的人,實在不應 遭遇這樣對待。

再睇真D不同數據,規劃署是做了很有規劃工作。政府能致力改善民生的政策走正確方向仍未致絕望。香港土地發展潛力,(未發展的在百分比)仍是人人羡慕的星架坡 3倍。香港也可以做到安居樂業,以照顧市民負擔力為大前題(不論租或買)

1. 支持專業規劃

按2030+報告中土木工程拓展署&規劃署所做2017建議在理性、專業都做了可行研究和發展需要的用地分配。政府有計劃地,顺序地,公義地(對待受遷拆影嚮萬户基层,及/或2500会員有錢人),和諧地帶領香港向目標推進,如何有效推行政策和政府如何應付避免擴大爭拗對立,才是解決問題的重點。

曾經長官個人意志去决定,因过去太多政策上失誤拖累十年。停居屋、減公屋,置安心,白居易,綠置居.....虚招皆不是實惠於普羅大眾,尤其解决新生代的住居需要。 2. 創意奇想

每人都想創造理想城市。有人想大花園,有人想無烟道路,有人想居所大点。全世界無一定標準。解決短期房地荒 420公頃(以現時8百萬人的十分一在水深火熱中需安置計算,約全港住屋土地"4200"公頃× 10%) 即只需比舊机場多些少,解决住屋土地問題上,仍抱有希望

像sim city 模擬城市的簡單思維,加一點點創意,有幾個即用650 公頃奇想方案,重新分配現有資源:

- *地下空間/岩洞用做迪士尼和市區停車場
- *長期修護中州堆填區 提早用作露天倉
- *開辟少人到離島(塔門,牛尾州,長索)做高爾夫球場盡快搬遷,
- *百多間空置校舍即時活化為5~10年期的中轉公屋

粗略計算利用到的650公頃(見以下細列數字),希望專責小組加以研究,迅速2年內, 能給市民能看到改善的初步成效,挽回市民對政府的信心。

- ~騰出部份露天倉 200 公頃 ~改遊樂場契约騰 120 公頃 ~空置校舍 20 公頃 ~騰出迪士尼 37 公頃
- ~軍事用地騰10% 270 公頃*(需特區政府向中央呈請批准,以利民舒困)

	土地供應咨詢個人意見		08/07/2018 18:51
From: To:	"tfls@devb.gov.hk" <tfls@devb.gov.hk></tfls@devb.gov.hk>		

致土地供應專責小組

就香港土地供應咨詢,本人欲提交以下相關意見。

本人認為短中期土地供應選項,應首先以私人遊樂場契約用地作選項。政府只需要在相關用地契約期滿收回土地改作住宅用途,相對其他選項簡單,成本較低。再者,相關用地,如粉嶺高爾夫球場、私人會所等,公眾使用比例較少,收回土地對公眾影響亦極少。改作住宅用地後,政府發展用地時亦可同時增建使用率較高的遊樂用地,如公園、泳池、綜合運動大樓供公眾使用。因此,本人贊成優先收回粉嶺高爾夫球場及私人會所契約地作為供應住宅用地。

其次,本人建議發展棕地。雖然收回棕地所涉及的過程有較多困難,一些分散的棕地 也相對較難發展大型住宅地,政府仍然可以研究發展面積較大、有一定配套的棕地作 考慮,再慢慢發展周邊用地,漸漸變成大型住宅區甚至新市填。發展棕地對普遍市民 影響較少,成本相對填海、環境染亦較少,因此,本人贊成發展棕地。

最後,本人反對填平船灣淡水湖作發展土地用途。香港水資源珍貴,加上人口增加, 對用水資源需求必然會增加。填平船灣炎水湖必然造成更大的水需求壓力。水資源是 市民的必須,我們決不能改建水塘,讓香港再次有機會出現缺水危機。

懇請土地供應專責小組能在尋找土地供應選項同時,能平衡對市民和環境的影響。

香港市民 NG KA Chun

香港並不是土地不足,而係太多外來人口,如:大陸新移民。

香港要解決住屋問題,應先要減少外來人口,如:大陸新移民。

减少呢啲人口並應把所有單、雙非人仕驅逐離開 已可以解決目前住屋及土地問題,等候公屋時間也不需太久。

如要解決家庭團聚,可以協助他們返回大陸慢慢團聚,這樣也可以收回公屋並可減少輪候時間!

Best regards, Henry Mo

From:			
To:	tfls@devb.gov.hk		

Hi, 我是Paco chan, 希望政府能考慮本人意見並作回要我覆可以考慮將船灣郊野公園和西貢郊野公園海口做截流填出八個天水圍大土地

北面河套地區發展新工商業區,香港作為金融中心,將與大陸接軌工業使用或商業更貼近,增加新界就業和土地發展 取消市建局,修條例將市區重建納入政府部門,並改為政府 重建土地優先(防落釘或私人收購)將大幅新建居屋優先, 而將新居屋撥入直接重建戶補償(以樓換樓),地下物業將 用居屋商場業權替換,加快重建速度。

將較小而邊陲地區起護老城,將統一全港護老地點服務 裝將空置校舍出租作重建前短期創科藝術康樂或教育租用空 間

香港公營房屋可納入唯一可聘外勞工人,政府成立建築局, 專門興建公營房屋,加快市區重建及公屋居屋。

將香港外島發展定義為生態旅遊,香港一直沒有用盡天然資源優勢,香港有263個島嶼,可以係香港東面的島嶼搞旅遊業,可以玩森林穿越,team building, war game, 觀星,露營車,水上活動,人造沙灘,潛水,去開發一些島嶼旅遊,將香港發展成島嶼旅遊城市。

將貨櫃碼頭移到東大嶼山發展成物流中心,並興建隧道接通 青嶼幹線和港珠澳大橋,可以配合未來港珠澳,深中大橋發 展將香港繼續作為物流中心發展。

發展南丫島,在南丫島興建大橋至鴨脷洲,在南丫島一帶向 鴨脷洲填海,取消成為郊野公園,南丫島發展新市鎮。

填平將軍澳灣,及發展東龍島並填海到將軍澳

重置貨櫃碼頭後,由昂船洲填海到西九龍文化中心,作為九龍區商業中心,繼河套區後另一商業中心

	Nick Alexande			Land Supply - C	ountry I	Parks should never
	to: tfls@		•			08/07/2018 23:46

- I feel very strongly that Hong Kong should not develop its country parks and am hereby submitting my feedback for the Task Force on Land Supply's public engagement as follows:
- The government should absolutely prioritise the development of brownfields. Studies have shown that there is more than sufficient land from brownfields to meet Hong Kong's housing needs;
- Country parks and their peripheries, as well as land reclamation should never be an option for development (whether short-term, mid-term, long-term or conceptual). Other areas of natural resources (such as farmland) should also be approached with extreme caution because these options will cause irreversible harm to Hong Kong's environment and natural resources;
- I earnestly request the SAR government to take a bold step forward and finally resolve Hong Kong's enduring and unjust land-planning problem.
- I kindly request the Task Force on Land Supply to convey my views to the government departments responsible, so that Hong Kong can pursue a land development model that is sustainable, has integrity and will benefit everyone.

Sincerely yours, Nick Alexander

- I feel very strongly that Hong Kong should not develop its country parks and am hereby submitting my feedback for the Task Force on Land Supply's public engagement as follows:
- The government should absolutely prioritise the development of brownfields. Studies have shown that there is more than sufficient land from brownfields to meet Hong Kong's housing needs;
- Country parks and their peripheries, as well as land reclamation should never be an option for development (whether short-term, mid-term, long-term or conceptual). Other areas of natural resources (such as farmland) should also be approached with extreme caution because these options will cause irreversible harm to Hong Kong's environment and natural resources;
- I earnestly request the SAR government to take a bold step forward and finally resolve Hong Kong's enduring and unjust land-planning problem.
- I kindly request the Task Force on Land Supply to convey my views to the government departments responsible, so that Hong Kong can pursue a land development model that is sustainable, has integrity and will benefit everyone.

Sincerely yours, anson choi

改善規劃,用好棕地

就 貴小組針對香港未來土地供應的公眾諮詢,本人謹此表達以下意見: 棕地和

私人遊樂場地契約用地,必須被選為優先選項,這將有助釋放土地資源。

政府必須停止研究發展郊野公園邊陲地帶兩個試點及其他邊陲地帶,亦不應考慮兩個涉及維港以外填海的中長期土地選項,農地發展亦須小心看待,因為郊野公園是香港市民難得的呌氣地方。

衷心希望土地供應小組接納意見,要求政府改善規劃,保護珍貴的自然環境。

順祝 生活愉快!

就 貴小組針對香港未來土地供應的公眾諮詢,本人謹此表達以下意見: 當局須

優先利用棕地,還有私人遊樂場地契約用地,這將提升香港土地的使用效率。

郊野公園邊陲地帶(包括兩個試點和其他邊陲地帶),及在維港以外近岸及東大嶼填海,不能被視為增加土地的選項,當局亦應小心處理農地等其他天然資源,因為我們要尊重大自然。

懇請土地供應小組聽取民意,令香港真正可持續發展。

祝 安好!

		ption for developm	on Land Supply - Countr nent	y Parks should 08/07/2018 17:00

- I feel very strongly that Hong Kong should not develop its country parks and am hereby submitting my feedback for the Task Force on Land Supply's public engagement as follows:
- The government should absolutely prioritise the development of brownfields. Studies have shown that there is more than sufficient land from brownfields to meet Hong Kong's housing needs;
- Country parks and their peripheries, as well as land reclamation should never be an option for development (whether short-term, mid-term, long-term or conceptual). Other areas of natural resources (such as farmland) should also be approached with extreme caution because these options will cause irreversible harm to Hong Kong's environment and natural resources;
- I earnestly request the SAR government to take a bold step forward and finally resolve Hong Kong's enduring and unjust land-planning problem.
- I kindly request the Task Force on Land Supply to convey my views to the government departments responsible, so that Hong Kong can pursue a land development model that is sustainable, has integrity and will benefit everyone.

Sincerely yours, Raymond Ching

優先使用棕地,守護自然郊野及郊野公園邊陲地帶

就 貴小組針對香港未來土地供應的公眾諮詢,本人謹此表達以下意見:

政府應先用好棕地資源,及私人遊樂場地契約用地,因為粉嶺高爾夫球場和棕地等已經足以應付香港未來的房屋需求。

當局不應發展郊野公園邊陲地帶(不論是作為中長期選項的兩個試點,或作為概念性 選項),亦不應在維港以外近岸填海及發展東大嶼都會,對於發展農地也須謹慎處 理,因為這些選項都會為香港的生態環境和天然資源帶來不能逆轉的破壞。

請土供組回應香港人的訴求,優先發展粉嶺高球場,解決基層上樓問題。 萬分感謝!

		be an option for de	estions on Land Supply velopment	- Country Parks 08/07/2018 13:36

- I feel very strongly that Hong Kong should not develop its country parks and am hereby submitting my feedback for the Task Force on Land Supply's public engagement as follows:
- The government should absolutely prioritise the development of brownfields. Studies have shown that there is more than sufficient land from brownfields to meet Hong Kong's housing needs;
- Country parks and their peripheries, as well as land reclamation should never be an option for development (whether short-term, mid-term, long-term or conceptual). Other areas of natural resources (such as farmland) should also be approached with extreme caution because these options will cause irreversible harm to Hong Kong's environment and natural resources;
- I earnestly request the SAR government to take a bold step forward and finally resolve Hong Kong's enduring and unjust land-planning problem.
- I kindly request the Task Force on Land Supply to convey my views to the government departments responsible, so that Hong Kong can pursue a land development model that is sustainable, has integrity and will benefit everyone.

Sincerely yours, Jean Michel Lechevallier

改善規劃,用好棕地

就 貴小組針對香港未來土地供應的公眾諮詢,本人謹此表達以下意見:

政府應先用好棕地資源,及私人遊樂場地契約用地,因為粉嶺高爾夫球場和棕地等已經足以應付香港未來的房屋需求。

當局不應研究在郊野公園邊陲地帶(包括兩個試點和其他邊陲地帶)興建房屋,也不應考慮在維港以外近岸和東大嶼填海,其他天然資源(例如農地)亦要謹慎看待,因 為我們不能犧牲郊野公園的重要生態和生物。

請土地供應小組尊重民意,為香港市民保護自然環境。

順祝 國泰民安!

優先發展棕地,無須發展郊野公園邊陲地帶

to: tfls@devb.gov.hk

就 貴小組針對香港未來土地供應的公眾諮詢,本人謹此表達以下意見: 當局須

優先利用棕地,還有私人遊樂場地契約用地,這將提升香港土地的使用效率。

政府必須停止研究發展郊野公園邊陲地帶兩個試點及其他邊陲地帶,亦不應考慮兩個涉及維港以外填海的中長期土地選項,農地發展亦須小心看待,因為郊野公園是香港市民難得的呌氣地方。

請土供組回應香港人的訴求,優先發展粉嶺高球場,解決基層上樓問題。

順祝 國泰民安!

土地供應的選項不應包括填海和郊野公園邊陲地帶

就 貴小組針對香港未來土地供應的公眾諮詢,本人謹此表達以下意見: 當局須

優先利用棕地,還有私人遊樂場地契約用地,這將提升香港土地的使用效率。

當局不應研究在郊野公園邊陲地帶(包括兩個試點和其他邊陲地帶)興建房屋,也不應考慮在維港以外近岸和東大嶼填海,其他天然資源(例如農地)亦要謹慎看待,因為我們不能犧牲郊野公園的重要生態和生物。

本人希望土地供應小組向政府反映本人意見,保護香港的自然環境。

祝願 閣下生活愉快!

Edith Cheung謹啟

致土地供應專責小組:

- 就 貴小組針對香港未來土地供應的公眾諮詢,本人謹此表達以下意見:
- 政府應優先發展棕地,有研究已經指出,香港的棕地及粉嶺高爾夫球場等已經足以應付香港未來的房屋需求;
- 郊野公園及其邊陲地帶以及填海都不應該成為土地供應的選項(不論是短期、中長期或概念性選項),其他的自然土地資源(如農地)亦應謹慎看待。因為這些選項都會為香港的生態環境和天然資源帶來不能逆轉的破壞。
 - 請特區政府勇謀兼備,處理新界存積已久的土地規劃不公問題。

本人期望土地供應專責小組能將本人意見進一步反映予政府相關部門,讓香港能真正 落實可持續和以人與生態為本的發展規劃。

順祝 台安!

	Sabrina Dumo				- Country	y Parks should
	to: tfls@	•	•			08/07/2018 09:10

- I feel very strongly that Hong Kong should not develop its country parks and am hereby submitting my feedback for the Task Force on Land Supply's public engagement as follows:
- The government should absolutely prioritise the development of brownfields. Studies have shown that there is more than sufficient land from brownfields to meet Hong Kong's housing needs;
- Country parks and their peripheries, as well as land reclamation should never be an option for development (whether short-term, mid-term, long-term or conceptual). Other areas of natural resources (such as farmland) should also be approached with extreme caution because these options will cause irreversible harm to Hong Kong's environment and natural resources;
- I earnestly request the SAR government to take a bold step forward and finally resolve Hong Kong's enduring and unjust land-planning problem.
- I kindly request the Task Force on Land Supply to convey my views to the government departments responsible, so that Hong Kong can pursue a land development model that is sustainable, has integrity and will benefit everyone.

Sincerely yours, Sabrina Dumont

Dear Sir/Madam

Re: Proposal to develop the Fanling golf course into a residential site

I write express my opposition to the development of the Fanling golf course into a residential or commercial site.

Prior to explaining my reasons, I wish to clarify that I am not a member of the Hong Kong Golf Club nor I am a golfer. As a middle-class native Hong Konger, who has resided in Hong Kong for over sixty years, I care about our society and I see that it is my civic duty to share my view with the Task Force so that it can come up with the most suitable recommendations that would be best for our community.

There are three reasons for my opposition. First, in the past few years, the Hong Kong SAR Government has been promoting Hong Kong as the Asia World City. Just like any re-known metropolitan city, there should be adequate recreational facilities to make domicile in the territory more attractive. Although attractiveness is subjective, lifestyles and leisure facilities are often the key factors that are used to determine liveability of a place. Chances are that many of the multi-nationals' senior expatriates or high-valued investors are often golfers. Hence, we should not eliminate our city's competitive edge to other competing cities.

Second, I disagree that the Fanling golf course should be singled-out simply because the sporting activities there are often rich people's favourite past-time. I see that some politicians, who support the proposal, are populists whose agenda is to seek political gain at the expense of social harmony and this contravenes the wish of the Central Government and that of the Hong Kong SAR Government.

Third, there are some who argue that golf facility usage rates are relatively low; therefore, they should be targeted. Again, I cannot see the rationale because there are so many other similar sporting facilities in Hong Kong that have equally low usage rates, such as the Sport Institute in Shatin. Why those facilities are not being targeted? It is a misnomer that the Fanling golf facility is exclusively for the wealthy and rich. As I understand, the sporting facility there is opened to the public during week days and many average folks like me can play there, therefore, in reality the usage rates are probably much higher than those advocated by proponents of the proposal.

I hope that the Task Force will take a broader and less myopic view when considering various land supply proposals. In my opinion, there should be plenty of other options that are far less controversial and more feasible than the captioned one. A long-term and efficient option to obtain more lands ought to be reclamations through land-fills. As for short-term solutions, the government can consider using a portion of the current land reserves to build public housings instead of auctioning all of them off to private developers at sky rocketing prices. I think that our "high land price policy" is part of the reasons that contribute to the current housing problems, which in a nutshell are shortages and affordability.

Thank you for your attention and consideration.

Yours faithfully

Philip YUE

Secretariat, Task Force on Land Supply 17/F, West Wing, Central Government Offices 2 Tim Mei Avenue, Tamar Hong Kong 6 July 2018

Dear Sirs.

I write to show my support of acquiring the much needed land for housing, office and other needs for the better provision of housing and the better development of Hong Kong in general.

It is noted that Hong Kong had been getting its much needed land for development from reclamation of the sea in the past 100 years, but stopped short in recent years.

Singapore, a similar metropolis like Hong Kong has more reclaimed land than Hong Kong absolutely and more so proportionately to our respective land masses. Hong Kong indeed NEEDS to reclaim land for comprehensive new town developments.

Singapore also has a much smaller Country Park area than Hong Kong. Therefore, developing the green areas and Country Park fringe area in Hong Kong is indeed a very good option in obtaining more land for Public Rental Housing and Home Ownership Schemes developments.

I hope you will give the above your due analysis and attention. Thank you for your kind considerations.

Kind regards,

Yours fa	1111111	ину

05 July 2018

Dear Sir or Madam,

I have been a member of the Hong Kong Football Club for over 11 years and actively use the club facilities along with my family (wife and 2 children). I have been an active member of the Hockey Club playing in the Premier League level in Hong Kong. My children participate at the pre-school provided on the premises. In addition, when age appropriate, they will look to participate in the Junior Sports programs provided.

In summary, we highly value the provision of facilities and programs on offer and contributions made to sports development in Hong Kong from junior to Elite Level.

Kind regards,

James Piachaud

土地供應專責小組 主席黃遠輝先生及全體成員

民意調查:近7成人認為土地諮詢單講開發無用 主流認為公屋長龍主因為單程證 舒緩房屋問題最不信填海起樓

環保觸覺(本會)日前委託香港大學民意研究計劃進行一項電腦隨機抽樣的電話訪問調查, 結果近 7 成受訪者認為近月展開的土地供應諮詢只著重土地開發是未能有效解決問題。調查 亦收集有關市民對政府當局公佈公屋輪候時間愈來愈長的意見,發現最多人認為來自內地的單 程證是主因,亦最不相信填海是可以解除房屋問題的方法。本會再次呼籲 貴小組及政府尊重 民意,應將人口控制、減少單程證等政策方案與土地選項並列一併供市民參考,而非強迫市民 選擇填海。

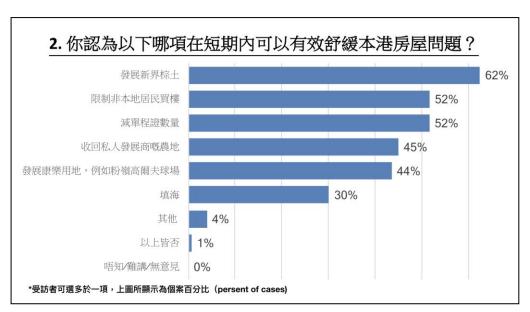

調查結果顯示同意 土地供應諮詢只著重增加土地,而無提到其他措施,所以未能有效解決房屋問題 的市民有 67%(好同意 31%、幾同意 36%),對比相信諮詢能解決房屋問題的 22%(好唔同意 9%、幾唔同意 13%),缺乏信心的淨值達 45%。即使市民面對未能 上車 ,都清楚知道只講土地開發不會有好結果,因為他們已認識到香港過去於土地以外其他政策錯誤,例如欠缺人口規劃、放任炒賣等,更值得政府投放精力改善。

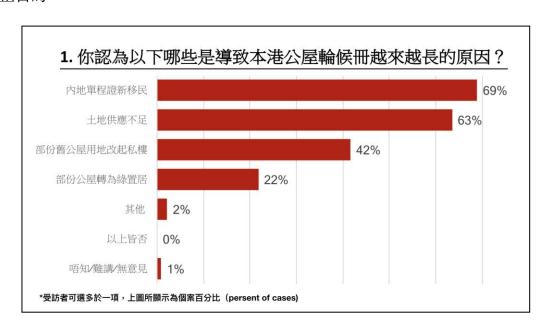

而特別針對不同人仕將土地開發和公屋輪候時間拉上關係,問卷亦向受訪者了解公屋輪候 冊越來越長的原因。當中最多人認為的因素是內地單程證新移民,隨之才是土地供應不足、公

屋用地被改作私樓及公屋被轉作綠置居等。結果反映以林鄭月娥為首,對民間團體反對填海的 批評是與民意脫節,當局更應該反思政府在減少單程證上完全無作為的核心錯誤。政府如以推 動土地開發相同的資料,控制外來人口,早就可以大幅縮短公屋輪候時間。

受訪者在多個應對房屋問題的選項中,最多人認為發展新界棕地、限制非本地居民買樓及減少單程證數量可以舒緩問題,而填海則在6個提供的選項中排最尾,認為填海非好選擇。本會再次促請土地小組及政府尊重民意,修訂現在進行的諮詢,應起碼將人口控制、減少單程證等政策與土地選項並列一併供作 解決土地問題 的方案市民選擇及表達意見,才可達到 諮詢 真正目的。

以上各點均為民意所向,懇請 貴小組各成員細閱及於下次會議討論。本會及各民間團體亦十分希望有機會盡快與小組當面交流,提出如何改善未來下半段諮詢的意見。如有回覆, 請致電 或電郵至 info@greensense.org.hk 與本人聯絡。

祝

鈞安

優先發展棕地,無須發展郊野公園邊陲地帶

就 貴小組針對香港未來土地供應的公眾諮詢,本人謹此表達以下意見: 當局必

須首先善用棕地,及私人遊樂場地契約用地,釋放現有的土地資源。

當局不應研究在郊野公園邊陲地帶(包括兩個試點和其他邊陲地帶)興建房屋,也不應考慮在維港以外近岸和東大嶼填海,其他天然資源(例如農地)亦要謹慎看待,因為我們不能犧牲郊野公園的重要生態和生物。

請土供組如實向特首林鄭月娥反映市民訴求,規劃棕地,保護郊野邊陲地帶。 敬祝安好!

For the HKSAR Government's Task force on Land Supply

- I feel very strongly that Hong Kong should not develop its country parks and am hereby submitting my feedback for the Task Force on Land Supply's public engagement as follows:
- The government should absolutely prioritise the development of brownfields. Studies have shown that there is more than sufficient land from brownfields to meet Hong Kong's housing needs;
- Country parks and their peripheries, as well as land reclamation should never be an option for development (whether short-term, mid-term, long-term or conceptual). Other areas of natural resources (such as farmland) should also be approached with extreme caution because these options will cause irreversible harm to Hong Kong's environment and natural resources;
- I earnestly request the SAR government to take a bold step forward and finally resolve Hong Kong's enduring and unjust land-planning problem.
- I kindly request the Task Force on Land Supply to convey my views to the government departments responsible, so that Hong Kong can pursue a land development model that is sustainable, has integrity and will benefit everyone.

Sincerely yours, Ivan Abreu

愛護自然,不應發展郊野公園邊陲地帶

就 貴小組針對香港未來土地供應的公眾諮詢,本人謹此表達以下意見: 棕地和

私人遊樂場地契約用地,必須被選為優先選項,這將有助釋放土地資源。

政府必須停止研究發展郊野公園邊陲地帶兩個試點及其他邊陲地帶,亦不應考慮兩個涉及維港以外填海的中長期土地選項,農地發展亦須小心看待,因為郊野公園是香港市民難得的呌氣地方。

本人期望土地供應專責小組能將本人意見進一步反映予政府相關部門,讓香港能真正 落實可持續和以人與生態為本的發展規劃。

祝願 閣下生活愉快!

善用棕土,不應發展郊野公園邊陲地帶和填海

就 貴小組針對香港未來土地供應的公眾諮詢,本人謹此表達以下意見:

政府應先用好棕地資源,及私人遊樂場地契約用地,因為粉嶺高爾夫球場和棕地等已經足以應付香港未來的房屋需求。

政府必須停止研究發展郊野公園邊陲地帶兩個試點及其他邊陲地帶,亦不應考慮兩個涉及維港以外填海的中長期土地選項,農地發展亦須小心看待,因為郊野公園是香港市民難得的呌氣地方。

請土地供應小組尊重民意,為香港市民保護自然環境。 謝謝

For the HKSAR Government's Task force on Land Supply

- I feel very strongly that Hong Kong should not develop its country parks and am hereby submitting my feedback for the Task Force on Land Supply's public engagement as follows:
- The government should absolutely prioritise the development of brownfields. Studies have shown that there is more than sufficient land from brownfields to meet Hong Kong's housing needs;
- Country parks and their peripheries, as well as land reclamation should never be an option for development (whether short-term, mid-term, long-term or conceptual). Other areas of natural resources (such as farmland) should also be approached with extreme caution because these options will cause irreversible harm to Hong Kong's environment and natural resources;
- I earnestly request the SAR government to take a bold step forward and finally resolve Hong Kong's enduring and unjust land-planning problem.
- I kindly request the Task Force on Land Supply to convey my views to the government departments responsible, so that Hong Kong can pursue a land development model that is sustainable, has integrity and will benefit everyone.

Sincerely yours, Laila Albuquerque

土地供應的選項不應包括填海和郊野公園邊陲地帶

就 貴小組針對香港未來土地供應的公眾諮詢,本人謹此表達以下意見: 棕地和

私人遊樂場地契約用地,必須被選為優先選項,這將有助釋放土地資源。

當局不應研究在郊野公園邊陲地帶(包括兩個試點和其他邊陲地帶)興建房屋,也不應考慮在維港以外近岸和東大嶼填海,其他天然資源(例如農地)亦要謹慎看待,因為我們不能犧牲郊野公園的重要生態和生物。

衷心希望土地供應小組接納意見,要求政府改善規劃,保護珍貴的自然環境。

祝 安好!

Mr Stanley Wong Yuen-fair Chairman, Task Force on Land Supply Development Bureau 19/F, West Wing Central Government Offices 2 Tim Mei Avenue, Tamar Hong Kong

Dear Mr Wong Yuen-Fair,

I write to you upon learning that there is currently debate over the usage of land which is leased to private Clubs in Hong Kong, in particular Hong Kong Golf Club.

Royal Lytham & St Annes Golf Club has enjoyed a fantastic relationship for many years, and one which I know our Members truly cherish. The feedback we have from our Members is that Hong Kong Golf Club is one of the premier golf Clubs, not only in your Country, but in the World, one which I hope to have the honour of visiting in the future.

Similarly to Royal Lytham, Hong Kong Golf Club has a fantastic history of hosting professional golfing events such as the Hong Kong Open, and Hong Kong Ladies Open. It was just two years ago when Tiffany Chan won the 2016 edition of the tournament, and in doing created history by becoming just one of three amateurs to compete in the Rio de Janeiro Olympic Games, putting the Golf Club at the top of the sport. Hosting such as events as the Hong Kong Open and Hong Kong Ladies Open can have a significant tourism impact and therefore Hong Kong Golf Club is certainly a tourism attraction to your Country.

From the close relationship between our two Clubs, I have come to appreciate the high standards that Hong Kong Golf Club sets on an annual basis, and in what are difficult conditions they continually show their ability to deliver a first class golfing experience by hosting the major international events. I do hope that strong consideration is made in favour of Hong Kong Golf Club, as demonstrated above they continually prove that they have a key ability to develop golf in your Country, but also to increase tourism into the region by their excellent reputation within the game of golf.

Martin Kippax

Captain of Royal Lytham & St. Annes Golf Club

3 July 2018

Secretariat, Task Force on Land Supply

17/F, West Wing, Central Government Office

2 Tim Mei Avenue, Tamar, Hong Kong

Dear Sir/Madam

Re Site of the Hong Kong Golf Club at Fanling

I write to state my opposition to the reclamation of the land of the three golf courses at Fanling.

I am not a golfer but I am familiar with the HK Golf Club through my relatives and friends. My view is that there are many alternatives to obtain land for public housings than to take away the golf courses that would mean the end of one of the icons of Hong Kong sports. The amount of land that the golf courses could yield, when one considers the many trees and the old graves that are part of the golf courses, is hardly significant to solve our public housing problem. Better solutions are reclamation of land by land fill, rezoning certain green belt and industrial area, or further development of Lantau Island.

The HK Golf Club has a long history and has hosted many international golf competitions. It has promoted Hong Kong's image an international city. It provides training for aspiring young golfers. It is not a private club for members only as I have many friends who are non-members who play golf at Fanling since the Fanling club is opened to the public throughout the week. I was also informed that the charges for the golf club for playing golf for non-members are probably the most reasonable in HK and China. To destroy a club with such heritage and tradition for the pretext of obtaining land for housing, when there are much better alternatives, is neither rational nor wise.

There are some politicians, whom, in my opinion, used this issue to score political points. This kind of populist politics failed to address the issue in a rational and serious manner. Housing problem in Hong Kong needs a more comprehensive solution on a much larger scale. Populist politic appeals to emotions of a certain group of people and would bring further diverseness to our society.

I hope that the task force would come to a rational decision and not succumb to populist politics.

Thank you for your attention.

Yours faithfully

Lily Cho

George Mok

June 22, 2018

Secretariat, Task Force on Land Supply 17/F, West Wing, Central Government Offices 2 Tim Mei Avenue, Tamar, Hong Kong

Dear Secretariat,

Please accept this petition letter against the partial or full reclamation of the Hong Kong Golf Club in Fanling. As a member of Hong Kong's public and long-standing member of the HKGC, I strongly oppose the "Alternative Uses of Sites Under Private Recreational Leases" option and insist that your task force consider alternative strategies.

The HKGC is a cornerstone of Hong Kong's cultural heritage and society. It is a training ground for this city's future talent and its preservation is fundamental to the sustainable development of the New Territories.

After a century of operation, the HKGC continues to attract international tourists. Without such an institution, many of the international visitors who attended the 2017 Hong Kong Open would never have visited Fanling, much less the New Territories. Beyond the game of golf, the HKGC has also served as a steadfast community-leader, hosting numerous events and raising funds for local initiatives including the Tung Wah Group of Hospitals and Community Chest.

Moreover, the HKGC facility is an important environmental asset to Hong Kong. The site is host to numerous Old and Valuable trees which are protected by Hong Kong law, as well as a wide range of biodiversity, including birds, insects, reptiles and other wildlife.

If Hong Kong aspires to maintain its status as a world-class city, it must have world-class facilities. I trust you will keep this in mind throughout your consultative process.

Sincerely.

George Mok

Secretariat, Task Force on Land Supply 17/F, West Wing Central Government Offices 2 Tim Mei Avenue Tarmar, Hong Kong

Date: 9th July 2018

As a longtime resident of Hong Kong, and having made the city my home, I am only too well aware of the housing crisis and the need for this important issue to be addressed and resolved. To this end, I am pleased to note the careful and considered approach that the Task Force appears to be taking on this important matter.

Personally, I am not a member of the Hong Kong Golf Club. Nevertheless I do feel strongly that it would be a tragedy for even part of the golf course in Fanling to be taken back for housing. The Fanling course is an important part of Hong Kong's heritage — one of the oldest golf clubs in Asia and home to dozens of graves dating back to the Qing and Ming dynasties. It is also a site of great beauty and ecological value with diverse flora and fauna as well as serving as an important 'green lung' for the surrounding area. What is more, it is not an exclusive club as some seem to think — any Hong Kong resident can play as often as they wish (excepting only weekends and public holidays) at course fees that are comparable to Kau Sai Chau and much cheaper than on the Mainland.

A far better approach to solving the housing crisis would be the reclamation option which the Task Force has sensibly identified. The reclamation option offers the opportunity to resolve the housing issue in its entirely (as opposed to Fanling which would in any event only ever be adequate to address a very small part of the problem). Beyond reclamation, I would suggest brownfield sites should be considered rather than destroying even a part of Fanling.

Thank you your kind consideration.

Bernard Rennell

Yours faithfully

棕地發展及營運者角度的建議

本公司為

,正經歷嘗試將二十多萬呎近鄰粉嶺市的棕地改變其規劃 用途,由「康樂」轉為「其他指定用途」註明「只適用於住宅發展暨康樂設施及粉嶺繞 道用途」。 現藉親身經驗並以棕地業主及營運者的角度向 貴小組提交以下觀察所得 及建議。

- (1) 稍具規模的棕地一般為地主帶來穩定租金或為營運者帶來穩定營運收入,並沒有迫切性要改變。 而且近年因為可作露天倉儲或供大型車輛停泊的土地愈來愈少,另覓棕地作業愈加困難及昂貴。 所以要放棄租或營運正在使用的棕地轉做地產發展,儘管利潤或許會高,但風險亦甚大。
- (2) 棕地業主一般不是地產發展商或大財團,並不熟悉申請將用途 (無論是規劃及/或地契所列) 改變的程序。 要自行申請改規劃,原來要提交多項技術報告、面對不確定的公眾意見,及回應眾多部門各自為政的技術意見及要求,必須聘請眾多專業顧問提交報告及跟進,所費不菲而結果難料。 正常調不熟不做,沒有政府主動改變規劃或工務工程所需要被收回部份土地的干擾,就算感到土地所在位置應有更好的土地規劃用途,亦倒不如被動等發展商收購。
- (3) 不少棕地作業的個別地塊所佔土地面積不一定很大,必須滙集及重整至足夠面積才能作發展住屋或其他用途。除非附近業主亦有相近想法,但聯合發展又涉及商業談判,整合大片土地其實絕不容易。

- (4) 要加快覓得合適作發展的土地,政府或許有需要強制收地,但現行賠償政策並沒有充份考慮棕地業主/使用者而至工人的長期穩定收入。不少新界棕地早在規劃大綱圖刊憲前已作露天倉儲等棕地用途,合情合理繼續使用,故此必堅決反對政府收地作非公眾用途。
- (5) 城市規劃委員會應從宏觀角度先審批改變規劃用途的大方向是否會被接納,很 具體的項目設計及技術報告可之後再交委員會以第十六條再作審批。此二步 曲的好處是業主們可以在前期改變規劃申請時不需冒風險浪費大量金錢及時 間去提交太具體的設計及研究報告,減少土地業主行出第一步的顧慮及負擔。
- (6) 其實政府應成立專責部門,收到棕地業主示意有意慾同意改變棕地目前使用狀況時,應主動研究其可行性、與相關地段或範圍內的業主/使用人溝通,並在認為具潛力發展下由政府推動有關規劃改動的工作。 棕地業主們知道政府會自行向城市規劃委會員爭取改變規劃用途至可供房屋發展,才易於互相商討按可能的新規劃方案分析利弊並考慮聯合發展。
- (7) 與其在現有運輸基建設施上作上蓋發展,不如訂下政策在擬建設施上提早計劃 部署可整合上蓋發展的安排。舉例在各擬建繞道/公路選擇合適路段,加蓋平 台成隧道,則上蓋及二旁可建住宅/商業及各項配套,相比設立隔音屏及要預 留路旁大片不能發展土地更合經濟及環境所需。
- (8) 棕地分佈廣泛,有些甚至位處敏感的綠化規劃地帶。在平衡環境生態及居民生活質素下,在並非環境生態保育價值高及鄰近基建設施的地帶,能以工程技術及法津合約可處理的土地,政府應以積極態度優先考慮。

感謝 貴小組的關注。

	Comments on Land Supply Public Engagement Document	10/07/2018 17:21
From:		
To:	tfls@devb.gov.hk	

I am a practicing Town Planner. I have the following comments on the Land Supply Public Engagement document.

While the Government has repeatedly stressed the acuteness of the problem of shortage of housing land supply in Hong Kong, the focus has been largely on the public housing sector. Nevertheless, one must not lose sight of the fact that majority (over 55%) of Hong Kong's population lives in private residential dwellings. According to latest estimates by the Planning Department, the shortfall in private housing land up would amount to 59 ha by 2026, 10 ha more than the corresponding shortfall in public housing land. As such, there is an urgent need to identify and supply land for private housing development in the short term. It is considered that developing brown field sites and near shore reclamation outside Victoria Harbour are feabilbe options to obatin land in the short to medium term. Government should go ahead with theses options as soon as possible.

Public-Private Partnership is also a possible implementation mechanism for speeding up housing production in the public engagement document. Among the various "options" presented by the HKSAR Government, besides developing brownfield sites, PPP approach in housing provision is one of the options that could help increase housing land supply in the short to medium term. The other options, namely options 3-11, fall within the "medium to long" timeframe due to the need for detailed studies, thus warrant a longer lead time prior to realization.

In fact, PPP is not new to Hong Kong. One example being the development of Sha Tin in the 1970s, which was built under the collaboration of four developers holding the full responsibility for reclamation, formation and construction for a 56-hectare site. This enabled a new town city to be established steadily under the appropriate supervision. In view of the precedent of Shatin New Town, and the internationally proven success of PPP as a "tool" in housing and urban development, albeit not without challenges in its implementation in different contexts, we are of the opinion that the HKSAR Government should resolutely adopt PPP in her housing policies, and proceed with housing development, instead of conducting a large-scale public consultation exercise to seek the public's views on PPP which appears to be a redundant act in light of the pressing need to increase housing land supply, and particularly when the subject has been a subject of discussion in Hong Kong for over ten years.

That said, we are aware that there are concerns regarding transparency and accountability in PPPs. Instead of asking the public to comment if they think PPP is an appropriate form of implementation mechanism in housing development, we believe that the HKSAR Government should focus her efforts on making PPP transparent and accountable through information sharing, so as to eliminate conflicts caused by incomplete or distorted knowledge. What the government is opting to do is time-wasting as responses received are likely to be varied, instead of reflecting a general consensus among different sectors of society. Trying to draw any meaningful conclusion from these varied responses simply means that more time is lost before land for housing development actually becomes available for development. This, in turn, makes the realisticity of the programme for housing land supply presented by the HKSAR Government, particularly in the short-to-medium term (i.e. by 2028), questionable.

HERETAUNGA - 1895
ROYAL WELLINGTON GOLF CLUB INC.

10 July 2018

EMAIL: office@rwgc.co.nz www.rwgc.co.nz

Mr Stanley Wong Yeun Fai The Chairman of Task Force on Land Supply 17/F West Wing Central Government Offices 2 Tim Mei Avenue Temar HONG KONG

Dear Sir,

We understand the Hong Kong SAR Government is assessing land supply options through its Task Force on Land Supply and the land at Fanling occupied by Hong Kong Golf Club is under consideration as a possible option.

Royal Wellington Golf Club is the premier members golf club in New Zealand and is situated in the capital city of Wellington. Royal Wellington enjoys a very special reputation in New Zealand and internationally as being a club steeped in history. We are also very fortunate to count Hong Kong Golf Club as being one of our reciprocal clubs with which we share a very special relationship. The network of internationally recognized reciprocal clubs around the world has been formed over many years with like-minded clubs which share the same values of maintaining their history and undertaking wider community responsibilities for the benefit of more than just its members.

We write in support of retaining the current use of the land occupied by Hong Kong Golf Club. Conversion into a housing development would create a dramatic and negative impact not only for the loss of the golf club as a community asset but would also reflect badly on the reputation of Hong Kong as being unsympathetic to conservation and open space values.

Hong Kong Golf Club is an outstanding golf club on the world scene. It also supports local charities and community initiatives, is committed to junior golfers and the underprivileged, supports environmental values and is an historic institution in Hong Kong and the world. Please give the utmost consideration to maintaining the present status of the land use to ensure future generations will benefit from this jewel in Hong Kong's crown.

Yours sincerely

Andrew Harcourt Captain

MOYuWing對土地供應選項及相關議題的意見

to: tfls@devb.gov.hk

10/07/2018 23:44

愛護自然,不應發展郊野公園邊陲地帶

就 貴小組針對香港未來土地供應的公眾諮詢,本人謹此表達以下意見:

政府應先用好棕地資源,及私人遊樂場地契約用地,因為粉嶺高爾夫球場和棕地等已經足以應付香港未來的房屋需求。

當局不應發展郊野公園邊陲地帶(不論是作為中長期選項的兩個試點,或作為概念性 選項),亦不應在維港以外近岸填海及發展東大嶼都會,對於發展農地也須謹慎處 理,因為這些選項都會為香港的生態環境和天然資源帶來不能逆轉的破壞。

本人期望土地供應專責小組能真的能保護我們的環境,也能讓市民安居樂業。

祝願 閣下生活愉快!

郊野公園邊陲地帶和填海都不應成為發展和土地供應的選項

就 貴小組針對香港未來土地供應的公眾諮詢,本人謹此表達以下意見: 當局須

優先利用棕地,還有私人遊樂場地契約用地,這將提升香港土地的使用效率。

當局不應發展郊野公園邊陲地帶(不論是作為中長期選項的兩個試點,或作為概念性 選項),亦不應在維港以外近岸填海及發展東大嶼都會,對於發展農地也須謹慎處 理,因為這些選項都會為香港的生態環境和天然資源帶來不能逆轉的破壞。

請土地供應小組尊重民意,為香港市民保護自然環境。

		or development	and Supply - Country Pa	arks should never 10/07/2018 23:01

- I feel very strongly that Hong Kong should not develop its country parks and am hereby submitting my feedback for the Task Force on Land Supply's public engagement as follows:
- The government should absolutely prioritise the development of brownfields. Studies have shown that there is more than sufficient land from brownfields to meet Hong Kong's housing needs;
- Country parks and their peripheries, as well as land reclamation should never be an option for development (whether short-term, mid-term, long-term or conceptual). Other areas of natural resources (such as farmland) should also be approached with extreme caution because these options will cause irreversible harm to Hong Kong's environment and natural resources;
- I earnestly request the SAR government to take a bold step forward and finally resolve Hong Kong's enduring and unjust land-planning problem.
- I kindly request the Task Force on Land Supply to convey my views to the government departments responsible, so that Hong Kong can pursue a land development model that is sustainable, has integrity and will benefit everyone.

Sincerely yours, Wiwin Leung

填海和郊野公園邊陲地帶都不應成為發展和土地供應的選項

就 貴小組針對香港未來土地供應的公眾諮詢,本人謹此表達以下意見: 棕地和

私人遊樂場地契約用地,必須被選為優先選項,這將有助釋放土地資源。

政府必須停止研究發展郊野公園邊陲地帶兩個試點及其他邊陲地帶,亦不應考慮兩個涉及維港以外填海的中長期土地選項,農地發展亦須小心看待,因為郊野公園是香港市民難得的呌氣地方。

請土供組回應香港人的訴求,優先發展粉嶺高球場,解決基層上樓問題。 萬分感謝!

		ng's suggestion ption for develop odevb.gov.hk			- Country	Parks should 10/07/2018 18:42

- I feel very strongly that Hong Kong should not develop its country parks and am hereby submitting my feedback for the Task Force on Land Supply's public engagement as follows:
- The government should absolutely prioritise the development of brownfields. Studies have shown that there is more than sufficient land from brownfields to meet Hong Kong's housing needs;
- Country parks and their peripheries, as well as land reclamation should never be an option for development (whether short-term, mid-term, long-term or conceptual). Other areas of natural resources (such as farmland) should also be approached with extreme caution because these options will cause irreversible harm to Hong Kong's environment and natural resources;
- I earnestly request the SAR government to take a bold step forward and finally resolve Hong Kong's enduring and unjust land-planning problem.
- I kindly request the Task Force on Land Supply to convey my views to the government departments responsible, so that Hong Kong can pursue a land development model that is sustainable, has integrity and will benefit everyone.

Sincerely yours, Sze Nga Cheng

	Stephanie Iso never be an o	ption for	developme		- Country	Parks should 10/07/2018 17:40

For the HKSAR Government's Task force on Land Supply

- I feel very strongly that Hong Kong should not develop its country parks and am hereby submitting my feedback for the Task Force on Land Supply's public engagement as follows:
- The government should absolutely prioritise the development of brownfields. Studies have shown that there is more than sufficient land from brownfields to meet Hong Kong's housing needs;
- Country parks and their peripheries, as well as land reclamation should never be an option for development (whether short-term, mid-term, long-term or conceptual). Other areas of natural resources (such as farmland) should also be approached with extreme caution because these options will cause irreversible harm to Hong Kong's environment and natural resources;
- I earnestly request the SAR government to take a bold step forward and finally resolve Hong Kong's enduring and unjust land-planning problem.
- I kindly request the Task Force on Land Supply to convey my views to the government departments responsible, so that Hong Kong can pursue a land development model that is sustainable, has integrity and will benefit everyone.

Sincerely yours, Stephanie Isom

	to	: tfls@de	evb.gov	.hk		10/07/2018 16:48

土地供應的選項不應包括郊野公園邊陲地帶和填海

就 貴小組針對香港未來土地供應的公眾諮詢,本人謹此表達以下意見: 棕地和

私人遊樂場地契約用地,必須被選為優先選項,這將有助釋放土地資源。

郊野公園邊陲地帶(包括兩個試點和其他邊陲地帶),及在維港以外近岸及東大嶼填海,不能被視為增加土地的選項,當局亦應小心處理農地等其他天然資源,因為我們要尊重大自然。

請土供組如實向特首林鄭月娥反映市民訴求,規劃棕地,保護郊野邊陲地帶。 萬分感謝!

		rder's suggestion ption for developr		· - Country	/ Parks should
	to: tfls@	•			10/07/2018 16:29

For the HKSAR Government's Task force on Land Supply

- I feel very strongly that Hong Kong should not develop its country parks and am hereby submitting my feedback for the Task Force on Land Supply's public engagement as follows:
- The government should absolutely prioritise the development of brownfields. Studies have shown that there is more than sufficient land from brownfields to meet Hong Kong's housing needs;
- Country parks and their peripheries, as well as land reclamation should never be an option for development (whether short-term, mid-term, long-term or conceptual). Other areas of natural resources (such as farmland) should also be approached with extreme caution because these options will cause irreversible harm to Hong Kong's environment and natural resources;
- I earnestly request the SAR government to take a bold step forward and finally resolve Hong Kong's enduring and unjust land-planning problem.
- I kindly request the Task Force on Land Supply to convey my views to the government departments responsible, so that Hong Kong can pursue a land development model that is sustainable, has integrity and will benefit everyone.

Sincerely yours, Kimberley Carder

	林嘉儒對土地	供應選項及村	調議題的	的意見	

政府必須停止研究發展郊野公園邊陲地帶

to: tfls@devb.gov.hk

就 貴小組針對香港未來土地供應的公眾諮詢,本人謹此表達以下意見: 當局必

須首先善用棕地,及私人遊樂場地契約用地,釋放現有的土地資源。

當局不應發展郊野公園邊陲地帶(不論是作為中長期選項的兩個試點,或作為概念性 選項),亦不應在維港以外近岸填海及發展東大嶼都會,對於發展農地也須謹慎處 理,因為這些選項都會為香港的生態環境和天然資源帶來不能逆轉的破壞。

本人希望土地供應小組向政府反映本人意見,保護香港的自然環境。 敬

祝安好!

林嘉儒謹啟

lvy對土地供應選項及相關議題的意見 ■■■■ to: tfls@devb.gov.hk

10/07/2018 13:00

請停止研究開發郊野公園邊陲地帶

就 貴小組針對香港未來土地供應的公眾諮詢,本人謹此表達以下意見:

政府應先用好棕地資源,及私人遊樂場地契約用地,因為粉嶺高爾夫球場和棕地等已經足以應付香港未來的房屋需求。

當局不應研究在郊野公園邊陲地帶(包括兩個試點和其他邊陲地帶)興建房屋,也不應考慮在維港以外近岸和東大嶼填海,其他天然資源(例如農地)亦要謹慎看待,因 為我們不能犧牲郊野公園的重要生態和生物。

本人期望土地供應專責小組能將本人意見進一步反映予政府相關部門,讓香港能真正 落實可持續和以人與生態為本的發展規劃。

順祝 生活愉快!

Ivy謹啟

就 貴小組針對香港未來土地供應的公眾諮詢,本人謹此表達以下意見: 棕地和

私人遊樂場地契約用地,必須被選為優先選項,這將有助釋放土地資源。

政府不應發展郊野公園兩個試點作為中長期選項,不應研究郊野公園邊陲地帶其他地 點,亦不應考慮在維港以外填海,因為填海將破壞海洋生態。

請黃遠輝先生為香港下一代著想,不要開發郊野公園邊陲地帶。

謝謝!

	never be an o	ORKE's suggestior option for developm @devb.gov.hk	ns on Land Supply - Co ent	ountry Parks should 10/07/2018 10:54

For the HKSAR Government's Task force on Land Supply

- I feel very strongly that Hong Kong should not develop its country parks and am hereby submitting my feedback for the Task Force on Land Supply's public engagement as follows:
- The government should absolutely prioritise the development of brownfields. Studies have shown that there is more than sufficient land from brownfields to meet Hong Kong's housing needs;
- Country parks and their peripheries, as well as land reclamation should never be an option for development (whether short-term, mid-term, long-term or conceptual). Other areas of natural resources (such as farmland) should also be approached with extreme caution because these options will cause irreversible harm to Hong Kong's environment and natural resources;
- I earnestly request the SAR government to take a bold step forward and finally resolve Hong Kong's enduring and unjust land-planning problem.
- I kindly request the Task Force on Land Supply to convey my views to the government departments responsible, so that Hong Kong can pursue a land development model that is sustainable, has integrity and will benefit everyone.

Sincerely yours, KIERAN ORORKE

		Lam對土地供 : tfls@devb.go		間關議題的意見	10/07/2018 10:32

請不要發展郊野公園邊陲地帶兩個試點及其他邊陲地帶地點

就 貴小組針對香港未來土地供應的公眾諮詢,本人謹此表達以下意見:

政府應先用好棕地資源,及私人遊樂場地契約用地,因為粉嶺高爾夫球場和棕地等已經足以應付香港未來的房屋需求。

當局不應研究在郊野公園邊陲地帶(包括兩個試點和其他邊陲地帶)興建房屋,也不應考慮在維港以外近岸和東大嶼填海,其他天然資源(例如農地)亦要謹慎看待,因 為我們不能犧牲郊野公園的重要生態和生物。

衷心希望土地供應小組接納意見,要求政府改善規劃,保護珍貴的自然環境。 敬 祝安好!

郊野公園邊陲地帶和填海都不應成為發展和土地供應的選項

就 貴小組針對香港未來土地供應的公眾諮詢,本人謹此表達以下意見: 當局須

優先利用棕地,還有私人遊樂場地契約用地,這將提升香港土地的使用效率。

當局不應研究在郊野公園邊陲地帶(包括兩個試點和其他邊陲地帶)興建房屋,也不應考慮在維港以外近岸和東大嶼填海,其他天然資源(例如農地)亦要謹慎看待,因為我們不能犧牲郊野公園的重要生態和生物。

本人希望土地供應專責小組虛心接受市民的意見,無須開發郊野公園邊陲地帶。

萬分感謝!

土地供應的選項不應破壞自然和郊野,包括填海和郊野公園邊陲地帶

to: tfls@devb.gov.hk

就 貴小組針對香港未來土地供應的公眾諮詢,本人謹此表達以下意見: 棕地和

私人遊樂場地契約用地,必須被選為優先選項,這將有助釋放土地資源。

政府必須停止研究發展郊野公園邊陲地帶兩個試點及其他邊陲地帶,亦不應考慮兩個涉及維港以外填海的中長期土地選項,農地發展亦須小心看待,因為郊野公園是香港市民難得的呌氣地方。

本人期望土地供應專責小組能真的能保護我們的環境,也能讓市民安居樂業。

祝 安好!

Linda謹啟
