

Standing Committee on Concrete Technology
Annual Concrete Seminar 2008
Venue: Sheung Wan Civic Centre, Sheung Wan, Hong Kong
Date : 18 February 2008
Seminar Theme : Concrete Structure Restoration and Strengthening

				Speaker
09:15	09:30	15	Registration	
09:30	09:40	10	Opening Address	Morning Session Chairman – Ir. Norman W. P. Mak Chairman, SCCT
09:40	10:15	35	Sustaining reinforced concrete buildings in public rental housing estate.	Dr. H.W. Pang, Ir. C.O. Chan and Ir. Bosco L.K. Au – Housing Department, HKSAR
10:15	11:00	45	Behaviour, design and monitoring of concrete structures strengthened with fibre-reinforced polymer FRP composites	Professor J.G. Teng – The Hong Kong Polytechnic University
11:15	11:50	35	Concrete repair method	Mr. Dennis Choi - Building Material Service Ltd.
11:50	12:25	35	Electrochemical methods to restore concrete structures	Ir. Ian Chung – Maunsell Consultant Asia Ltd.
12:25	12:50	25	Q&A and souvenirs presentation for morning session	
14:10	14:20	10	Re-registration	Afternoon session chairman - Mr. W K PUN-CGE/S&T, GEO
14:20	14:55	35	Study on the performance of protective coatings against chloride intrusion in reinforced concrete piers	Ir. Anka T. K. Leung – Civil Engineering & Development Department, HKSAR
14:55	15:30	35	Mgo-based fast setting repairing materials Mgo-based inorganic resin for fibre strengthening	Professor Li Zongjin – The Hong Kong University of Science and Technology
15:30	15:45	15		
15:45	15:55	10	Presentation of Material Trophy Competition Winning Certificates	Presented by Ir. Norman W. P. Mak SCCT Chairman
15:55	16:30	35	Renovation and repair of concrete structure based on dry mortar technology	Ir. Raymond Wan - Optimix (HK) Ltd.
16:30	17:05	35	Restoration of Kom Tong Hall into Dr. Sun Yat Sen Museum	Ir. Chan Pak-wing – Architectural Services Department, HKSAR
17:05	17:30	25	Q&A and souvenirs presentation for the afternoon session
