Dear [REDACTED]

Refer to our gas network plan provide previously, the nearest gas source (Medium Pressure) is located at Castle Peak Road – Yuen Long.

Extension of the existing medium pressure gas main and a gas governor kiosk for stepping down the gas pressure from medium pressure to low pressure will be required.

We have passed your information to our network planning for their study.

Should you have further questions, please feel free to contact us.

Regards

Hi [REDACTED]

As discussed, could you confirm the gas supply availability for captioned sites?

Thanks,

Hi [REDACTED]

As discussed yesterday, please advise the preliminary power supply cut-off point for our reference.

Many Thanks,
